under the laws of this state or which has been used by the owner, or used with the owner's acquiescence or consent, as a raw material or as an instrument to manufacture **[**or**],** produce**, or distribute, or be used as a means of storage of** anything the possession of which is an offense under the laws of this state, or which any statute authorizes or directs to be seized, other than lawfully possessed weapons seized by an officer incident to an arrest, shall be forfeited to the state of Missouri.

2. The officer who has custody of the property shall inform the prosecuting attorney of the fact of seizure and of the nature of the property. The prosecuting attorney shall thereupon file a written motion with the court with which the motion to suppress has been, or may be, filed praying for an order directing the forfeiture of the property. If the prosecuting attorney of a county in which property is seized fails to file a motion with the court for the disposition of the seized property within sixty days of the request by a law enforcement officer, the officer having custody of the seized property may request the attorney general to file a written motion with the circuit court of the county or judicial district in which the seizure occurred. Upon filing of the motion, the court shall issue an order directing the disposition of the property. The signed motion shall be returned to the requesting agency. A motion may also be filed by any person claiming the right to possession of the property praying that the court declare the property not subject to forfeiture and order it delivered to the moving party.

3. Upon the filing of a motion either by the prosecuting attorney or by a claimant, the judge shall order notice to be given to all persons interested in the property, including the person out of whose possession the property was seized and any lienors, of the time, place and nature of the hearing to be held on the motion. The notice shall be given in a manner reasonably calculated to reach the attention of all interested persons. Notice may be given to unknown persons and to persons of unknown address by publication in a newspaper of general circulation in the county. Every interested person shall be given a reasonable opportunity to appear and to be heard as to the nature of the person's claim to the property and upon the issue of whether or not it is subject to forfeiture.

4. If the evidence is clear and convincing that the property in issue is in fact of a kind subject to forfeiture under this subsection, the judge shall declare it forfeited and order its destruction or sale. The judge shall direct that the destruction or sale of property needed as evidence in a criminal proceeding shall be postponed until this need no longer exists.

5. If the forfeited property can be put to a lawful use, it may be ordered sold after any alterations which are necessary to adapt it to a lawful use have been made. **In the case of computers, computer equipment, computer software, computer hardware, cellular telephones, or other devices capable of accessing the internet, or other devices used in the acquisition, possession, or distribution of child pornography or obscene material, the law enforcement agency in possession of such items may, upon court order, retain possession of such property and convert such property to the use of the law enforcement agency for use in criminal investigations.** If there is a holder of a bona fide lien against property which has been used as a means for committing an offense or which has been used as a raw material or as an instrument to manufacture or produce anything which is an offense to possess, who establishes that the use was without the lienholder's acquiescence or consent, the proceeds, less necessary expenses of preservation and sale, shall be paid to the lienholder to the amount of the lienholder's lien. The remaining amount shall be paid into the county treasury.

6. If the property is perishable the judge may order it sold at a public sale or destroyed, as may be appropriate, prior to a hearing. The proceeds of a sale, less necessary expenses of preservation and sale, shall be held in lieu of the property.

7. When a warrant has been issued to search for and seize allegedly obscene matter for forfeiture to the state, after an adversary hearing, the judge, upon return of the warrant with the matter seized, shall give notice of the fact to the prosecuting attorney of the county in which the matter was seized and the dealer, exhibitor or displayer and shall conduct further adversary proceedings to determine whether the matter is subject to forfeiture. If the evidence is clear and convincing that the matter is obscene as defined by law and it was being held or displayed for sale, exhibition, distribution or circulation to the public, the judge shall declare it to be obscene and forfeited to the state and order its destruction or other disposition; except that, no forfeiture shall be declared without the dealer, distributor or displayer being given a reasonable opportunity to appear in opposition and without the judge having thoroughly examined each item. If the material to be seized is the same as or another copy of matter that has already been determined to be obscene in a criminal proceeding against the dealer, exhibitor, displayer or such person's agent, the determination of obscenity in the criminal proceeding shall constitute clear and convincing evidence that the matter to be forfeited pursuant to this subsection is obscene. Except when the dealer, exhibitor or displayer consents to a longer period, or by such person's actions or pleadings willfully prevents the prompt resolution of the hearing, judgment shall be rendered within ten days of the return of the warrant. If the matter is not found to be obscene or is not found to have been held or displayed for sale, exhibition or distribution to the public, or a judgment is not entered within the time provided for, the matter shall be restored forthwith to the dealer, exhibitor or displayer.

8. If an appeal is taken by the dealer, exhibitor or displayer from an adverse judgment, the case should be assigned for hearing at the earliest practicable date and expedited in every way. Destruction or disposition of a matter declared forfeited shall be postponed until the judgment has become final by exhaustion of appeal, or by expiration of the time for appeal, and until the matter is no longer needed as evidence in a criminal proceeding.

9. A determination of obscenity, pursuant to this subsection, shall not be admissible in any criminal proceeding against any person or corporation for sale or possession of obscene matter; except that dealer, distributor or displayer from which the obscene matter was seized for forfeiture to the state.

10. When allegedly obscene matter or pornographic material for minors has been seized under a search warrant issued pursuant to subsection 2 of section 542.281 and the matter is no longer needed as evidence in a criminal proceeding the prosecuting attorney of the county in which the matter was seized may file a written motion with the circuit court of the county or judicial district in which the seizure occurred praying for an order directing the forfeiture of the matter. Upon filing of the motion, the court shall set a date for a hearing. Written notice of date, time, place and nature of the hearing shall be personally served upon the owner, dealer, exhibitor, displayer or such person's agent. Such notice shall be served no less than five days before the hearing.

11. If the evidence is clear and convincing that the matter is obscene as defined by law, and that the obscene material was being held or displayed for sale, exhibition, distribution or circulation to the public or that the matter is pornographic for minors and that the pornographic material was being held or displayed for sale, exhibition, distribution or circulation to minors, the judge shall declare it to be obscene or pornographic for minors and forfeited to the state and order its destruction or other disposition. A determination that the matter is obscene in a criminal proceeding as well as a determination that such obscene material was held or displayed for sale, exhibition, distribution or circulation to the public or a determination that the matter is pornographic for minors in a criminal proceeding as well as a determination that such pornographic material was held or displayed for sale, exhibition, distribution or circulation to minors shall be clear and convincing evidence that such material should be forfeited to the state; except that, no forfeiture shall be declared without the dealer, distributor or displayer being given a reasonable opportunity to appear in opposition and without a judge having thoroughly examined each item. A dealer, distributor or displayer shall have had reasonable opportunity to appear in opposition if the matter the prosecutor seeks to destroy is the same matter that formed the basis of a criminal proceeding against the dealer, distributor or displayer where the dealer, distributor or displayer has been charged and found guilty of holding or displaying for sale, exhibiting, distributing or circulating obscene material to the public or pornographic material for minors to minors. If the matter is not found to be obscene, or if obscene material is not found to have been held or displayed for sale, exhibition, distribution or circulation to the public, or if the matter is not found to be pornographic for minors or if pornographic material is not found to have been held or displayed for sale, exhibition, distribution or circulation to minors, the matter shall be restored forthwith to the dealer, exhibitor or displayer.

12. If an appeal is taken by the dealer, exhibitor or displayer from an adverse judgment, the case shall be assigned for hearing at the earliest practicable date and expedited in every way. Destruction or disposition of matter declared forfeited shall be postponed until the judgment has become final by exhaustion of appeal, or by expiration of the time for appeal, and until the matter is no longer needed as evidence in a criminal proceeding.

13. A determination of obscenity shall not be admissible in any criminal proceeding against any person or corporation for sale or possession of obscene matter.

14. An appeal by any party shall be allowed from the judgment of the court as in other civil actions.

15. All other property still in the custody of an officer or of a court as the result of any seizure and which has not been forfeited pursuant to this section or any other provision of law after three years following the seizure and which has ceased to be useful as evidence shall be deemed abandoned, converted to cash and shall be turned over immediately to the treasurer pursuant to section 447.543.

16. In fiscal year 2003, the commissioner of administration shall estimate the amount of any additional state revenue received pursuant to this section and section 447.532, shall transfer an equivalent amount of general revenue to the schools of the future fund created in section 163.005."; and

(3) A yellow envelope of a size and design to be determined by the director into which the health information card established under this subsection is to be inserted and placed into the program participant's glove compartment; and

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, THURSDAY, APRIL 12, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Former Representative Betty L. Thompson.

Let us begin by saying Thank God for this day, one that you and I have never seen before, but a day that can make all of us a little bit better than the day before.

It's such a blessing to be among all of you that have the responsibilities of helping people you serve and give them the guidance of which they need – love, salvation, moral values, good examples. And always remember you feel no way tired. You've come too far from where you started.

Nobody told you that the road would be easy. But I don't believe that my God brought you this far to leave you. So in the words of Betty Thompson, I urge you all to wake up, sit up, look up, stand up, dress up and pray up, and if you don't do any of these things you should have given up. God expects us to do these things.

Lord, we say have a great day. Have a great day!

Thank you and Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, MONDAY, APRIL 16, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Major Kendall Matthews.

Lord, we come before You this afternoon with open hearts, open minds, and open spirits. I am asking You to fill this body of lawmakers with Your goodness and grace. They need Your eternal power to make wise and crystal clear decisions that will positively impact the great Show-Me State of Missouri. Please show them Your wisdom, Your power, and Your infinite love, so that they can stand up for righteousness and all that is good. The Bible says that we can do all things through Christ who strengthens us. Strengthen these lawmakers to entrust themselves to Your power to serve this state.

These are tough economic times for many people of our state, Lord. Unemployment, homelessness, hunger and feelings of uncertainty concerning our future are on everybody's mind. Help us today, O Lord, to look to You for the reassurance that the future will improve for constituents that these lawmakers serve.

Loving God, I pray that this House of Representatives will look to You during times of trouble, knowing that their decisions have the influence and impact to make positive change happen throughout this state. Faith will be the key to keep them on the right path to help make the proper decisions to effect godly change in the Show-Me State.

So Lord, please be present with these legislators this week. Bless them, their families, their constituents, and bless our state.

In the name and Spirit of Jesus Christ, our Lord, our Master, and our Redeemer. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fifth day was approved as corrected.

2. In addition to all deductions listed in this chapter, for all taxable years beginning on or after January 1, 2011, and ending on or before December 31, 2014, a taxpayer shall be allowed a deduction for each new job created by the small business in the taxable year. **Tax deductions allowed to any partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders.** The deduction amount shall be as follows:

(1) Ten thousand dollars for each new job created with an annual salary of at least the county average wage; or

(2) Twenty thousand dollars for each new job created with an annual salary of at least the county average wage if the small business offers health insurance and pays at least fifty percent of such insurance premiums.

3. The department of revenue shall establish the procedure by which the deduction provided in this section may be claimed, and may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

4. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first three years after August 28, 2011, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first three years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **HCR 37.**

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SS SCR 16.**

SENATE SUBSTITUTE
FOR
SENATE CONCURRENT RESOLUTION NO. 16

WHEREAS, in the year 2011, heavy rainfall and snowmelt along the Missouri River combined with intentional releases of impounded water by the U.S. Army Corps of Engineers caused unprecedented amounts of water flow on the river, which led to breached levees and widespread flooding for the states along the river, including Missouri; and

WHEREAS, the extensive flooding destroyed many homes, farms, and businesses, severely impacting the livelihoods of thousands of Missourians, who, in addition to suffering the emotional toll of the disaster, are also suffering a heavy economic burden to repair the devastated land and infrastructure; and

WHEREAS, the U.S. Army Corps of Engineers is charged with management of the Missouri River for eight congressionally-authorized purposes, one of which is flood control; and

WHEREAS, the Army Corps of Engineers has worked extensively for numerous years to develop the Missouri River Master Manual to guide its management of the river which seeks to balance the competing interests of the eight authorized purposes; and

WHEREAS, it is evident that due to the immediate, large-scale and potentially life-threatening impacts upon public health and safety caused by flooding, the authorized purpose of flood control must have the utmost importance in any planning activities on the part of the Army Corps; and

WHEREAS, as a result of the widespread devastation caused by the flood events of 2011, an independent technical review panel was formed to evaluate the Army Corps' river management performance and, specifically, its performance with regard to its responsibility to protect public health and safety through flood control; and

WHEREAS, the independent technical review panel issued its findings and recommendations in December 2011 and concluded that while the Army Corps may have acted in accordance with the Master Manual, the Master Manual itself may not be appropriately flexible or responsive to adequately protect the public from flooding in the case of extreme weather events such as those experienced in 2011; and

WHEREAS, the panel's report further concluded that the Army Corps' Master Manual should not regard extreme weather events such as the precipitation in 2011 as rare, isolated events, but rather as part of a potential climatic pattern for which the Army Corps must be continuously prepared to address; and

WHEREAS, understanding that the prediction of future weather patterns is not an exact science, the Army Corps must allow greater flexibility in its management activities of reservoir storage and spring rise to anticipate and respond to higher than expected snow and rainfall in the river basin so as to prevent future catastrophic flooding events like that which occurred in 2011 and to position the Army Corps to be successful in accomplishing its flood control duties and protecting the public from disasters that could have been prevented:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Commanding General of the U.S. Army Corps of Engineers to accept the recommendations of the independent technical review panel in order to improve its flood protection operations and conduct its river management activities in proper accordance with the Corps' mandated responsibility to protect life and property through flood control actions; and

BE IT FURTHER RESOLVED that the U.S. Army Corps of Engineers be urged to continually place the utmost priority on flood control in any future annual operating plans with the goal of allowing the Army Corps to be able to successfully react and respond to unpredictable weather and extreme weather events so as to prevent future flooding disasters; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Commanding General of the U.S. Army Corps of Engineers and the members of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 25.**

SENATE CONCURRENT RESOLUTION NO. 25

WHEREAS, over the course of the spring and summer of 2011, unprecedented releases of water upstream by the U.S. Army Corps of Engineers have caused extensive pressure on the river levees in the state of Missouri that protect many communities, businesses, and prime agricultural lands; and

WHEREAS, in the face of this tremendous pressure some of Missouri's levees have been intentionally and unintentionally breached, resulting in widespread flooding, which has proved devastating to many Missouri homes, farms, families, and livelihoods; and

WHEREAS, last summer, the U.S. Army Corps of Engineers intentionally breached the Birds Point levee in southeast Missouri which resulted in the flooding of 130,000 acres of mostly agricultural land; and

WHEREAS, Missouri families have suffered unprecedented losses as a result of this situation and many Missouri farmers have experienced a complete and total loss of agricultural production, resulting in decimated farm incomes and ravaged local economies; and

WHEREAS, according to a June 2011 report drafted by the Food and Agricultural Policy Research Institute of the University of Missouri, the breach of the levee and subsequent flooding of crop lands in southeast Missouri has resulted in economic losses totaling $60.6 million, a combination of forgone net returns and incurred production expenses in the affected area; and

WHEREAS, according to the University of Missouri Extension, the southeast Missouri region produced the following shares of the state's total production of specific agricultural commodities in 2010:

1) 100% of total cotton production in Missouri;
2) 99.6% of total rice production in Missouri;
3) 52.9% of total wheat production in Missouri;
4) 21.4% of total grain sorghum production in Missouri;
5) 18.1% of total soybean production in Missouri;
6) 15.4% of total corn production in Missouri; and

WHEREAS, with the agricultural production of southeast Missouri accounting for approximately one-third of the state's total economy, the catastrophic results of the flooding of agricultural land due to the intentional breach of the Birds Point levee in southeast Missouri has a significant economic impact for the entire state. This complete and total loss of agricultural production at a time when our state's economy is experiencing recession can only exacerbate the state's current economic hardships; and

WHEREAS, the flood waters have not yet receded in some parts of Missouri and continue to disrupt the lives of hard-working Missourians; and

WHEREAS, even after the flood waters recede, much work will need to be done to restore the productivity of the damaged agricultural land and repair the ruined homes and businesses; and

WHEREAS, the U.S. Army Corps of Engineers has a responsibility to the nation for flood control; and

WHEREAS, the original flood plan was authorized in 1928 in response to severe flooding of the Mississippi River in 1927. The U.S. Army Corps of Engineers is obligated to re-examine the flood plan in light of the devastating losses, both short-term and long-term, suffered in this state as a result of the unprecedented releases of water upstream and the intentional breach of the Birds Point levee by the U.S. Army Corps of Engineers during the spring and summer of 2011:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly urge the U.S. Army Corps of Engineers to:

1) Re-examine the flood plan for the Mississippi River; and

2) Conduct its river operations in such a way as to avoid the devastating flooding disasters that occurred in 2011; and

3) Rebuild the damaged levees to at least their previous heights as expediently as possible; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly encourage communities, families and other stakeholders to work together to restore the prime agricultural lands that have been damaged by the recent flooding so that the productive value of these lands is not irrevocably lost; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly strongly encourage the members of the Missouri Congressional delegation to actively support policies for the management of the Mississippi River that minimize devastating flood events such as those that have been experienced by so many Missourians last summer; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Commanding General of the U.S. Army Corps of Engineers and the members of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SB 628**, entitled:

An act to repeal section 488.5026, RSMo, and to enact in lieu thereof one new section relating to a surcharge in certain criminal cases.

In which the concurrence of the House is respectfully requested.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS SB 837**, entitled:

An act to repeal section 407.400, RSMo, and to enact in lieu thereof one new section relating to franchises.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, TUESDAY, APRIL 17, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let your light so shine before men, that they may see your good works, and glorify your Father who is in heaven. (Matthew 5:16)

Eternal God of our hearts, in this sacred moment of quiet prayer, we turn our thoughts to You and open our minds to Your spirit that we may be wise in our decisions, understanding in our relationships, and faithful in our devotion to You and to our state.

Let not this period of prayer be the only time we think of You this day, but as the hours pass may we continue to be mindful of Your presence and ready to do Your will.

Bless the people of Missouri with Your continued favor. May we be great enough in spirit and good enough in heart to be the channel for peace and justice in our state and among people everywhere. To this end, help us this day, and lead us in Your way.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Morgan Yanskey, Alondra Jiminez, Austin Sooter, Luke Distler and Tabitha Imhoff.

"160.526. 1. In establishing the academic standards authorized by subsection 1 of section 160.514 and the statewide assessment system authorized by subsection 1 of section 160.518, the state board of education shall consider the work that has been done by other states, recognized regional and national experts, professional education discipline-based associations and other professional education associations. Further, in establishing the academic standards and statewide assessment system, the state board of education shall adopt the work that has been done by consortia of other states and, subject to appropriations, may contract with such consortia to implement the provisions of sections 160.514 and 160.518.

2. The state board of education shall, by contract enlist the assistance of such national experts, as approved by the commission established pursuant to section 160.510, to receive reports, advice and counsel on a regular basis pertaining to the validity and reliability of the statewide assessment system. The reports from such experts shall be received by the commission, which shall make a final determination concerning the reliability and validity of the statewide assessment system. Within six months prior to implementation of the statewide assessment system, the commissioner of education shall inform the president pro tempore of the senate and the speaker of the house about the procedures to implement the assessment system, including a report related to the reliability and validity of the assessment instruments, and the general assembly may, within the next sixty legislative days, veto such implementation by concurrent resolution adopted by majority vote of both the senate and the house of representatives.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, WEDNESDAY, APRIL 18, 2012

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

This is my commandment, that ye love one another, even as I have loved you. (John 15:12)

O Thou, Who is the source of every noble impulse and the goal of every worthy aspiration, we bow in Your presence, praying that humbly and sincerely we receive Your spirit anew into our all-too-human hearts. Grant that in the midst of troubled times and demanding duties we may be sustained by Your presence, supported by Your grace, and strengthened by Your spirit.

Lead us into the fellowship of those who, in an upper room heard Your voice speaking to them and, responding, found in You new life, new light, and new love.

Inspire us with the assurance that You are with us, and may our faith in You give us confidence to face this day with courage and to live through these days with good will. May we be forgiven as we forgive and may we love as we ought to love. In us and in all people may Your name be glorified.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-NINTH DAY, THURSDAY, APRIL 19, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

I am the vine, ye are the branches. He that abideth in Me, and I in Him the same bringeth forth much fruit; for without Me ye can do nothing. (John 15:5)

O Lord, Who is the source of light and life, and the fountain of peace and power, let Your spirit arise within us as we worship You this moment. Open our hearts that we may receive the good seeds of Your Word and let Your spirit ripen them into the fruits of righteousness and love.

Prosper our state in all its life and work that there may be no want anywhere and favor us with Your presence that good will may reign in the hearts of all our people.

Bless our Speaker and all these representatives of our state - may they be filled with Your spirit, the spirit of wisdom and understanding, of faith, and of love. Undergird us in our freedom that we may be forever the land of the free and the home of the brave. May You be with us and may we be with You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Raniyah Hendrix.

The Journal of the fifty-eighth day was approved as corrected.

Each county in the metropolitan district shall establish its own process for awarding the grant proceeds to its municipalities for park purposes, provided the purposes of such grants are consistent with the purpose of the metropolitan district. In the case of any county with a charter form of government and with more than nine hundred fifty thousand inhabitants, such grant proceeds shall be awarded to municipalities by a municipal grant commission as described in section 67.1757, and in such county, notwithstanding any other provision of law to the contrary, such grant proceeds may be used to fund any recreation program or park improvement serving municipal residents and for such other purposes as set forth in section 67.1757.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTIETH DAY, MONDAY, APRIL 23, 2012

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Pastor Herb Baker, Canopy Church, Camdenton, MO.

"For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call on me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart." (Jeremiah 29:11-13)

Father God, You Who spoke the worlds into existence and gave life to all of creation – we acknowledge Your presence in this place. We are the finite – You are the infinite. You are the Creator – we are the created. We are Your servants – You are our God. Hear our prayer, oh Lord.

Grant now that we might have wisdom beyond our years and our experience. For the task ahead of us is too awesome to be accomplished in our own wisdom. We need the wisdom that comes from above.

As You promised to the Israelites in Babylonian captivity, through the prophet Jeremiah – we ask that Your plans for us also have hope and a prosperous future. Let us be mindful that they are Your plans and not ours. Let us not to be governed by selfish motives or personal ambition.

We are grateful for the service of these who represent our state in this house. Would You bless them again today and employ them in the work of Your plans on earth.

In Jesus' name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Michelle Pugh.

The Journal of the fifty-ninth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FIRST DAY, TUESDAY, APRIL 24, 2012

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

You are the light of the world. (Matthew 5:14)

Eternal God, Whose truth endures forever, Whose love never fails, and Whose mercy is from everlasting to everlasting, we come to You with minds aglow with Your presence and with hearts aflame with the desire to serve You, our state, and our fellow citizens.

In the quiet of this moment, help us to hear Your still small voice, which alone can change our attitude from fear to faith, from caution to courage and from darkness to light. Together may we abide in the confidence of Your sustaining strength and in the peace of Your supporting presence.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Addie Thessen.

The Journal of the sixtieth day was approved as printed.

Representative Diehl assumed the Chair.

House Amendment No. 2

AMEND House Bill No. 1592, Page 1, Section A, Line 2, by inserting after all of said line the following:

"67.463. 1. At the hearing to consider the proposed improvements and assessments, the governing body shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by ordinance or resolution the governing body of the city or county shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 67.453 to 67.475.

2. After construction of the improvement has been completed in accordance with the plans and specifications therefor, the governing body shall compute the final costs of the improvement and apportion the costs among the property benefitted by such improvement in such equitable manner as the governing body shall determine, charging each parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement or the amount of general obligation bonds issued or to be issued therefor as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the city clerk or county clerk shall mail a notice to each property owner within the district which sets forth a description of each parcel of real property to be assessed which is owned by such owner, the special assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in annual installments as provided in subsection 4 of this section.

4. The special assessments shall be assessed upon the property included therein concurrent with general property taxes, and shall be payable in substantially equal annual installments for a duration stated in the ballot measure prescribed in subsection 2 of section 67.457 or in the petition prescribed in subsection 3 of section 67.457, and, if authorized, an assessment in each year thereafter levied and collected in the same manner with the proceeds thereof used solely for maintenance of the improvement, taking into account such assessments and interest thereon, as the governing body determines. The first installment shall be payable after the first collection of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

5. Special assessments shall be collected and paid over to the city treasurer or county treasurer in the same manner as taxes of the city or county are collected and paid. House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 568, Page 7, Section 304.022, Line 67, by inserting after all of said section and line, the following:

"301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate

shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. **Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle, shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination.** The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence

of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and

Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record **if the individual was not operating a commercial motor vehicle or a commercial driver's license holder at the time of the offense**. For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number. The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue. If any city, town, or village disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, or village may submit to an annual audit by the state auditor under the authority of article IV, section 13 of the Missouri Constitution. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will

endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SECOND DAY, WEDNESDAY, APRIL 25, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Blessed are those who are persecuted for righteousness sake: for theirs is the kingdom of heaven. (Matthew 5:10)

O God of us all, Who is in heaven and in earth, we acknowledge our dependence upon You and offer to You the devotion of our hearts. We come because we need You, every hour we need You. Temptations lose their power when You are near, bitterness fades away in Your presence, resentments lose their weight, and we are given courage to stand for what we believe to be right.

Grant us Your spirit as we in quietness lift our hearts in prayer to You. If we are criticized because of the stand we take, if we are misunderstood in our decisions, may we not let the disagreements of others make us disagreeable, nor may we allow a difference of opinion to make a difference in relationships, but through it all help us to keep our faith in You and in righteousness, justice, and good will. May Your kingdom come in us and through us begin to come in all.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emma Deien, Sophie Smith, Alissa Smith, Dominic House, Kyra Ddungu, Anna Kunz and S'Mya Matthews, Paige Parker, Leo Parker, Sophie Parker, Nico King, Luca King, and Mikayla Crile.

The Journal of the sixty-first day was approved as printed.

Representative Solon offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Bill No. 1455, Page 2, Section 620.478, Line 24, by inserting after all of said line the following:

"620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed

and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (19) of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this **[**subdivision**]** **subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall

be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation **or quality job loss** from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of **[**seventy**]** **fifty** million dollars in new investment prior to the end of **[**two**]** **five** years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, **[**2013**]** **2018**;

(5) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable."; and

620.009. 1. 620.019. The department of economic development shall develop a rating system to apprise local governments of the department's opinion on proposals for discretionary economic development incentives that combine local and state resources.

[(26)**] (28)** "Related facility", a facility operated by the qualified company or a related company located in this state that is directly related to the operations of the project facility;

[(27)**] (29)** "Related facility base employment", the greater of the number of full-time employees located at all related facilities on the date of the notice of intent or for the twelve-month period prior to the date of the notice of intent, the average number of full-time employees located at all related facilities of the qualified company or a related company located in this state;

[(28)**] (30)** "Related facility base payroll", the total amount of taxable wages paid by the qualified company to full-time employees of the qualified company located at a related facility in the twelve months prior to the filing of the notice of intent, not including the payroll of the owners of the qualified company unless the qualified company is participating in an employee stock ownership plan. For purposes of calculating the benefits under this program, the amount of related facility base payroll shall increase each year based on an appropriate measure, as determined by the department;

[(29)**] (31)** "Rural area", a county in Missouri with a population less than seventy-five thousand or that does not contain an individual city with a population greater than fifty thousand according to the most recent federal decennial census;

[(30)**] (32)** "Small and expanding business project", a qualified company that within two years of the date of the approval creates a minimum of twenty new jobs if the project facility is located in a rural area or a minimum of forty

new jobs if the project facility is not located in a rural area and creates fewer than one hundred new jobs regardless of the location of the project facility;

[(31)**] (33)** "Tax credits", tax credits issued by the department to offset the state income taxes imposed by chapters 143 and 148, or which may be sold or refunded as provided for in this program;

[(32)**] (34)** "Technology business project", a qualified company that within two years of the date of the approval creates a minimum of ten new jobs involved in the operations of a company:

(a) Which is a technology company, as determined by a regulation promulgated by the department under the provisions of section 620.1884 or classified by NAICS codes;

(b) Which owns or leases a facility which produces electricity derived from qualified renewable energy sources, or produces fuel for the generation of electricity from qualified renewable energy sources, but does not include any company that has received the alcohol mixture credit, alcohol credit, or small ethanol producer credit pursuant to 26 U.S.C. Section 40 of the tax code in the previous tax year;

(c) Which researches, develops, or manufactures power system technology for: aerospace; space; defense; hybrid vehicles; or implantable or wearable medical devices; or

(d) Which is a clinical molecular diagnostic laboratory focused on detecting and monitoring infections in immunocompromised patient populations;

[(33)**] (35)** "Withholding tax", the state tax imposed by sections 143.191 to 143.265. For purposes of this program, the withholding tax shall be computed using a schedule as determined by the department based on average wages.

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision **[**(19)**] (20)** of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this **[**subdivision**] subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be

limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision **[**(33)**] (35)** of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) Job retention projects: In lieu of the benefits provided under subdivision (4) of this subsection and in exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and new capital investment in this state, a qualified company may be eligible to receive the benefits described in this subdivision if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this subdivision;

(a) A qualified company meeting the requirements of this subdivision may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this subdivision, a qualified company shall enter into a written agreement, with the department, containing detailed performance requirements and repayment penalties in the event of nonperformance. The amount of benefits awarded to a qualified company under this subdivision shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment;

(b) In order to be eligible to receive benefits under this subdivision, the qualified company shall meet each of the following conditions:

a. The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least one hundred and twenty-five full-time employees; and

b. The qualified company shall agree to make a new capital investment at the project facility within three years from the approval of the notice of intent in an amount equal to one half the total benefits provided under this subdivision, which are offered to the qualified company by the department;

(c) In awarding benefits under this subdivision, the department shall consider the following factors:

a. The significance of the qualified company's need for program benefits;

b. The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

c. The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

d. The financial stability and creditworthiness of the qualified company;

e. The level of economic distress in the area;

f. An evaluation of the competitiveness of alternative locations for the project facility, as applicable;

(d) Upon approval of a notice of intent to request benefits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of full-time employees, payroll, and new capital investment for each year during the project period;

b. Clawback provisions, as may be required by the department; and

c. Any other provisions the department may require;

(6) In no event shall the total amount of all benefits provided in subdivisions (5) and (7) of this subsection for all qualified companies under this subdivision exceed six million dollars for any fiscal year beginning on or after July 1, 2012;

(7) A qualified company meeting the requirements of subdivision (5) of this subsection may elect a one-time issuance of tax credits in an amount not to exceed eighty percent of the amount the qualified company may otherwise be eligible to retain for a period of ten years under subdivision (5) of this subsection;

(a) In addition to satisfying each of the requirements of subdivision (5) of this subsection, a qualified company requesting tax credits under this subdivision shall provide to the department, prior to approval, evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within three years of the date of approval;

(b) Upon approval of a notice of intent to request tax credits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of jobs, payroll, and new capital investment for each year during the project period;

b. The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed three years from the date of approval;

c. Penalties, including the recapture of tax credits awarded under this subdivision, for failure to satisfy the requirements provided under this subdivision and subdivision (5) of this subsection; and

d. Any other provisions the department may require;

(8) Prior to the award of benefits under subdivision (5) or (7) of this subsection, the director of the department shall notify the president pro tem of the senate and the speaker of the house of representatives of the amount of the proposed award, including the county and city in which the project facility is located, the number of retained jobs and the average wages for such retained jobs, the estimated amount of new capital investment, and the amount of the projected net fiscal benefit to the state from the project; provided that, nothing herein shall require the disclosure of information otherwise protected from disclosure by law;

[(5)**] (9)** Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the

department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars**, with ten million dollars reserved to be awarded under subsection 14 of this section**. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify

the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

14. For each calendar year beginning on or after January 1, 2013, but ending on or before December 31, 2014, in lieu of all other benefits available under this program, the department may authorize a qualified company meeting the requirements of this subsection and subsection 3 of this section to be issued tax credits in an amount not to exceed seven percent of new payroll from the new jobs created projected over a period of five years from the date the required number of new jobs are to be created, or, if the qualified company is in a targeted industry identified by the department by rule following a strategic planning process as being critical to the state's economic security and growth, the department may authorize tax credits in an amount not to exceed nine percent of new payroll from the new jobs created, projected over a period of five years. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit to the state over a ten year period, as determined by the department, and may not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In no event shall the tax credits authorized under this subsection exceed ten million dollars annually.

(1) Prior to approval, a qualified company requesting benefits under this subsection shall provide evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval of the notice of intent.

(2) In awarding tax credits under this subsection, the department shall consider factors set forth in subsection 2 of this section.

(3) Upon approval of a notice of intent to receive tax credits under this subsection, the department and the qualified company shall enter into a written agreement covering the applicable project period containing detailed performance requirements and repayment penalties in event of nonperformance. The agreement shall specify, at a minimum:

(a) The committed number of new jobs, payroll, and new capital investment for each year during the project period;

(b) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(c) Clawback provisions provided under subdivision (4) of this subsection; and

(d) Any other provisions necessary to effectuate the intent of this subsection.

(4) The following clawback provisions shall apply to any benefits awarded under this subsection:

(a) If a qualified company fails to meet any requirements of this section, including the applicable number of new jobs created or new capital investment within two years from the date of approval of its notice of intent, the qualified company shall repay the face amount of all tax credits received from the department, plus interest of nine percent per annum from the date the tax credits were issued. However, the director may, in his or her discretion, provide an extension up to two additional years or reduce such payment, if such failure is caused by documented unforeseen events that negatively affected the operations at the project facility that were not under the control of the qualified company;

(b) If, during any year of the project period, the average wage of the new payroll paid by the qualified company fails to equal or exceed the applicable percentage of the county average wage, or the qualified company fails to offer and pay fifty percent of the premium for health insurance to all of its full-time employees located in this state, the company shall refund to the state an amount equal to the face amount of all tax credits received from the department under this program, divided by the number of years in the project period. In addition to the refund, the qualified company shall pay interest of nine percent per annum from the date the tax credits were issued on the amount of the refund;

(c) If the qualified company fails to meet its payroll commitment for any year during the project period, it shall refund to the state a portion of its total benefit received under this section based on the following formula:

the total amount of tax credits received by the qualified company, divided by the number of years during the project period, and multiplied by a fraction, the numerator of which is the contractually agreed-upon amount of payroll for that year minus the actual amount of payroll made by the company during the year, and the denominator of which is the contractually agreed upon amount of payroll made for that same year. In addition to the refund, the qualified company shall pay interest of nine percent per annum from the date the tax credits were issued on the amount of the refund;

(d) If the qualified company fails to meet its payroll or new capital investment requirements for any year during the project period and the director has a reasonable belief that the qualified company will not be able to meet its performance requirements during all or any portion of the remainder of the project period, the director may require the company to repay all or a proportionate amount of the total tax credits received by the company attributable to the remaining years of the project period as well as the current year, plus interest of nine percent per annum on the amount of repayment from the date the tax credits were issued.

(5) Prior to the award of benefits under this subsection, the director of the department shall notify the president pro tem of the senate and the speaker of the house of representatives of the amount of the proposed award, including the county and city in which the project facility is located, the number of new jobs and the proposed wages for such new jobs, the estimated amount of new capital investment, and the amount of the projected net fiscal benefit to the state from the project; provided that, nothing herein shall require the disclosure of information otherwise protected from disclosure by law."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Torpey, **House Amendment No. 5** was adopted.

Representative Ellinger offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Bill No. 1455, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"67.1305. 1. As used in this section, the term "city" shall mean any incorporated city, town, or village.

2. In lieu of the sales taxes authorized under sections 67.1300 and 67.1303, the governing body of any city or county may impose, by order or ordinance, a sales tax on all retail sales made in the city or county which are subject to sales tax under chapter 144. The tax authorized in this section shall not be more than one-half of one percent. The order or ordinance imposing the tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at any citywide, county or state general, primary or special election a proposal to authorize the governing body to impose a tax under this section. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The tax authorized in this section shall not be imposed by any city or county that has imposed a tax under section 67.1300 or 67.1303 unless the tax imposed under those sections has expired or been repealed.

3. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall ..... (insert the name of the city or county) impose a sales tax at a rate of ..... (insert rate of percent) percent for economic development purposes?

☐ YES ☐ NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter following the calendar quarter in which the election was held. House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1865, Page 2, Section 67.095, Line 31, by inserting after all of said section, the following:

"67.463. 1. At the hearing to consider the proposed improvements and assessments, the governing body shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by

ordinance or resolution the governing body of the city or county shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 67.453 to 67.475.

2. After construction of the improvement has been completed in accordance with the plans and specifications therefor, the governing body shall compute the final costs of the improvement and apportion the costs among the property benefitted by such improvement in such equitable manner as the governing body shall determine, charging each parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement or the amount of general obligation bonds issued or to be issued therefor as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the city clerk or county clerk shall mail a notice to each property owner within the district which sets forth a description of each parcel of real property to be assessed which is owned by such owner, the special assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in annual installments as provided in subsection 4 of this section.

4. The special assessments shall be assessed upon the property included therein concurrent with general property taxes, and shall be payable in substantially equal annual installments for a duration stated in the ballot measure prescribed in subsection 2 of section 67.457 or in the petition prescribed in subsection 3 of section 67.457, and, if authorized, an assessment in each year thereafter levied and collected in the same manner with the proceeds thereof used solely for maintenance of the improvement, taking into account such assessments and interest thereon, as the governing body determines. The first installment shall be payable after the first collection of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

5. Special assessments shall be collected and paid over to the city treasurer or county treasurer in the same manner as taxes of the city or county are collected and paid. In any county **not having a township organization [**of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants**]**, the county collector may collect a fee as prescribed by section 52.260 for collection of assessments under this section.

67.469. A special assessment authorized under the provisions of sections 67.453 to 67.475 shall be a lien, from the date of the assessment, on the property against which it is assessed on behalf of the city or county assessing the same to the same extent as a tax upon real property. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to chapter 140 or**, if applicable to that county, chapter 141, or, [**by judicial foreclosure proceeding,**]** at the option of the governing body**, by judicial foreclosure proceeding**. Upon the foreclosure of any such lien, whether by land tax sale or by judicial foreclosure proceeding, the entire remaining assessment may become due and payable and may be recoverable in such foreclosure proceeding at the option of the governing body."; and

"67.1305. 1. As used in this section, the term "city" shall mean any incorporated city, town, or village.

2. In lieu of the sales taxes authorized under sections 67.1300 and 67.1303, the governing body of any city or county may impose, by order or ordinance, a sales tax on all retail sales made in the city or county which are subject to sales tax under chapter 144. The tax authorized in this section shall not be more than one-half of one percent. The order or ordinance imposing the tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at any citywide, county or state general, primary or special election a proposal to authorize the governing body to impose a tax under this section. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The tax authorized in this section shall not be imposed by any city or county that has imposed a tax under section 67.1300 or 67.1303 unless the tax imposed under those sections has expired or been repealed.

3. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall ..... (insert the name of the city or county) impose a sales tax at a rate of ..... (insert rate of percent) percent for economic development purposes?

☐ YES ☐ NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter following the calendar quarter in which the election was held. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question, provided that no proposal shall be resubmitted to the voters sooner than twelve months from the date of the submission of the last proposal.

4. All sales taxes collected by the director of revenue under this section on behalf of any county or municipality, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Local Option Economic Development Sales Tax Trust Fund".

5. The moneys in the local option economic development sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund and which was collected in each city or county imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the city or county and the public.

6. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the city or county which levied the tax. Such funds shall be deposited with the county treasurer of each such county or the appropriate municipal officer in the case of a municipal tax, and all expenditures of funds arising from the local economic development sales tax trust fund shall be in accordance with this section.

7. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city or county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities and counties.

8. If any county or municipality abolishes the tax, the city or county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city or county, the director of revenue shall remit the balance in the account to the city or county and close the account of that city or county. The director of revenue shall notify each city or county of each instance of any amount refunded or any check redeemed from receipts due the city or county.

9. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

10. (1) No revenue generated by the tax authorized in this section shall be used for any retail development project, except for the redevelopment of downtown areas and historic districts. Not more than twenty-five percent of the revenue generated shall be used annually for administrative purposes, including staff and facility costs.

Any funds in the special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other city or county funds.

12. (1) Any city or county imposing the tax authorized in this section shall establish an economic development tax board. The volunteer board shall receive no compensation or operating budget.

The sixth, seventh, eighth, and ninth members shall be appointed to a term with an expiration coinciding with the expiration of the terms of the three board member positions that were originally appointed to terms of two years. Thereafter, the additional members appointed shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the additional appointments.

13. The board, subject to approval of the governing body of the city or county, shall consider economic development plans, economic development projects, or designations of an economic development area, and shall hold

(2) The board establishes an agreement with the governing bodies of all cities and counties in which the plan, project or area designation is located detailing the authority and responsibilities of each governing body with regard to the plan, project or area designation.

15. Notwithstanding any other provision of law to the contrary, the economic development sales tax imposed under this section when imposed within a special taxing district, including but not limited to a tax increment financing district, neighborhood improvement district, or community improvement district, shall be excluded from the calculation of revenues available to such districts, and no revenues from any sales tax imposed under this section shall be used for the purposes of any such district unless recommended by the economic development tax board established under this section and approved by the governing body imposing the tax.

16. The board and the governing body of the city or county imposing the tax shall report at least annually to the governing body of the city or county on the use of the funds provided under this section and on the progress of any plan, project, or designation adopted under this section and shall make such report available to the public.

Representative Hinson offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Bill No. 564, Page 1, In the Title, Lines 3 through 5, by deleting all of said lines and inserting in lieu thereof the words, "to motor vehicles"; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

"302.130. 1. Any person at least fifteen years of age who, except for age or lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a license pursuant to sections 302.010 to 302.340 may apply for and the director shall issue a temporary instruction permit entitling the applicant, while having such permit in the applicant's immediate possession, to drive a motor vehicle of the appropriate class upon the highways for a period of twelve months, but any such person, except when operating a motorcycle or motortricycle, must be accompanied by a licensed operator for the type of motor vehicle being operated who is actually occupying a seat beside the driver for the purpose of giving instruction in driving the motor vehicle, who is at least twenty-one years of age, and in the case of any driver under sixteen years of age, the licensed operator occupying the seat beside the driver shall be a grandparent, parent, guardian, a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education program who has a valid driver's license. An applicant for a temporary instruction permit shall successfully complete a vision test and a test of the applicant's ability to understand highway signs which regulate, warn or direct traffic and practical knowledge of the traffic laws of this state, pursuant to section 302.173. In addition, beginning January 1, 2007, no permit shall be granted pursuant to this subsection unless a parent or legal guardian gives written permission by signing the application and in so signing, state they, or their designee as set forth in subsection 2 of this section, will provide a minimum of forty hours of behind-the-wheel driving instruction, including a minimum of ten hours of behind-the-wheel driving instruction that occurs during the nighttime hours falling between sunset and sunrise. The forty hours of behind-the-wheel driving instruction that is completed pursuant to this subsection may include any time that the holder of an instruction permit has spent operating a motor vehicle in a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or by a qualified instructor of a private drivers' education program. If the applicant for a permit is enrolled in a federal residential job training program, the instructor, as defined in subsection 5 of this section, is authorized to sign the application stating that the applicant will receive the behind-the-wheel driving instruction required by this section.

2. In the event the parent, grandparent or guardian of the person under sixteen years of age has a physical disability which prohibits or disqualifies said parent, grandparent or guardian from being a qualified licensed operator pursuant to this section, said parent, grandparent or guardian may designate a maximum of two individuals authorized to accompany the applicant for the purpose of giving instruction in driving the motor vehicle. An authorized designee must be a licensed operator for the type of motor vehicle being operated and have attained twenty-one years of age. At least one of the designees must occupy the seat beside the applicant while giving instruction in driving the motor vehicle. The name of the authorized designees must be provided to the department of revenue by the parent, grandparent or guardian at the time of application for the temporary instruction permit. The name of each authorized designee shall be printed on the temporary instruction permit, however, the director may delay the time at which permits are printed bearing such names until the inventories of blank permits and related forms existing on August 28, 1998, are exhausted.

3. The director, upon proper application on a form prescribed by the director, in his or her discretion, may issue a restricted instruction permit effective for a school year or more restricted period to an applicant who is enrolled in a high school driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the state department of elementary and secondary education even though the applicant has not reached the age of sixteen years but has passed the age of fifteen years. Such instruction permit shall entitle the applicant, when the applicant has such permit in his or her immediate possession, to operate a motor vehicle on the highways, but only when a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the state department of elementary and secondary education is occupying a seat beside the driver.

4. The director, in his or her discretion, may issue a temporary driver's permit to an applicant who is otherwise qualified for a license permitting the applicant to operate a motor vehicle while the director is completing the director's investigation and determination of all facts relative to such applicant's rights to receive a license. Such permit must be in the applicant's immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused.

5. In the event that the applicant for a temporary instruction permit described in subsection 1 of this section is a participant in a federal residential job training program, the permittee may operate a motor vehicle accompanied by a driver training instructor who holds a valid driver education endorsement issued by the department of elementary and secondary education and a valid driver's license.

6. A person at least fifteen years of age may operate a motor vehicle as part of a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education program.

7. Beginning January 1, 2003, the director shall issue with every temporary instruction permit issued pursuant to subsection 1 of this section a sticker or sign bearing the words "PERMIT DRIVER". The design and size of such sticker or sign shall be determined by the director by regulation. Every applicant issued a temporary instruction permit and sticker on or after January 1, 2003, may display or affix the sticker or sign on the rear window of the motor vehicle. Such sticker or sign may be displayed on the rear window of the motor vehicle whenever the holder of the instruction permit operates a motor vehicle during his or her temporary permit licensure period.

8. Beginning July 1, 2005, the director shall verify that an applicant for an instruction permit issued under this section is lawfully present in the United States before accepting the application. The director shall not issue an instruction permit for a period that exceeds an applicant's lawful presence in the United States. The director may establish procedures to verify the lawful presence of the applicant and establish the duration of any permit issued under this section.

9. **Notwithstanding subsection 1 of this section, if an applicant is issued a temporary instruction permit under the provisions of this section that includes a motorcycle endorsement, then such temporary instruction permit shall only entitle the applicant to operate a motor vehicle, motorcycle, or motortricycle for a period of six months and such applicant may only renew such permit two additional times, for a total maximum cumulative permit period of eighteen months pursuant to section 302.132.**

10. The director may adopt rules and regulations necessary to carry out the provisions of this section.

302.132. 1. Any person at least fifteen and one-half years of age who, except for age or lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a motorcycle or motortricycle license or endorsement pursuant to sections 302.010 to 302.340 may apply, with the written consent of the parent or guardian of such person, for a temporary motorcycle instruction permit to operate a motorcycle or motortricycle.

2. The director shall issue a temporary motorcycle instruction permit under this section if the applicant has completed a motorcycle rider training course approved under sections 302.133 to 302.138 and is otherwise eligible for the temporary permit.

3. A person receiving a temporary motorcycle permit and having it in his **or her** immediate possession shall be entitled to operate a motorcycle or motortricycle for a period of six months upon the highways of the state, and **[**persons under the age of sixteen**] such person** shall be subject to the following restrictions:

If a Missouri resident charged with a moving **[**traffic**]** violation**, as defined in section 302.010,** of this state or any county or municipality of this state fails to dispose of the charges of which the resident is accused through authorized prepayment of fine and court costs and fails to appear on the return date or at any subsequent date to which the case has been continued, or without good cause fails to pay any fine or court costs assessed against the resident for any such violation within the period of time specified or in such installments as approved by the court or as otherwise provided by law, any court having jurisdiction over the charges shall within ten days of the failure to comply inform the defendant by ordinary mail at the last address shown on the court records that the court will order the director of revenue to suspend the defendant's driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver's license suspended solely under the provisions of this section.

2. If any city, town or village **meets the criteria established in subsection 6 of this section and** receives more than thirty-five percent of its annual general operating revenue from fines and court costs for **[**traffic**] cited moving** violations occurring on state highways, **whether the violation is adjudicated finally as a moving or nonmoving violation,** all revenues from such violations in excess of thirty-five percent of the annual general operating revenue of the city, town or village shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number. **[**The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue.**]**

3. The governing body of each city, town, or village that meets the criteria established in subsection 6 of this section shall cause to be prepared an annual report of the fines and court costs collected for cited moving violations whether finally adjudicated as a moving or nonmoving violation occurring on state highways, along with the entity's annual general revenue for the year, in such summary form as the department of revenue shall prescribe by rule. In the event the fines and court costs exceed thirty-five percent of the entity's general operating revenue for the year, the entity shall include with the annual report payment of the excess revenues to the director of the department of revenue. The payment of excess revenues shall be disbursed as provided in subsection 2 of this section. If any city, town, or village disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, or village may submit to an annual audit by the state auditor under the authority of article IV, section 13 of the Missouri Constitution. **[**Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**]**

4. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the

authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

5. In the event a city, town, or village that meets the criteria established in subsection 6 of this section fails to comply with subsections 2 and 3 of this section, such entity shall be subject to a civil penalty in an amount up to one thousand dollars. The department of revenue shall determine the amount of the penalty by taking into account the size of the entity, the seriousness of the offense, and whether the city, town, or village has violated the provisions of subsections 2 and 3 of this section previously. The director of revenue or his or her designated representative shall administer and enforce the provisions of this section and may develop, prescribe, and issue any forms, notices, or other written documents to enforce such authority and to ensure that every city, town, or village is in compliance with the provisions of subsections 2 and 3 of this section.

6. The provisions of subsections 2, 3, 4, and 5 of this section shall only apply to any city, town, or village with:

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

"142.815. 1. Motor fuel used for the following nonhighway purposes is exempt from the fuel tax imposed by this chapter, and a refund may be claimed by the consumer, except as provided for in subdivision (1) of this subsection, if the tax has been paid and no refund has been previously issued:

(1) Motor fuel used for nonhighway purposes including fuel for farm tractors or stationary engines owned or leased and operated by any person and used exclusively for agricultural purposes and including, beginning January 1, 2006, bulk sales of one hundred gallons or more of gasoline made to farmers and delivered by the ultimate vender to a

farm location for agricultural purposes only. As used in this section, the term "farmer" shall mean any person engaged in farming in an authorized farm corporation, family farm, or family farm corporation as defined in section 350.010. At the discretion of the ultimate vender, the refund may be claimed by the ultimate vender on behalf of the consumer for sales made to farmers and to persons engaged in construction for agricultural purposes as defined in section 142.800. After December 31, 2000, the refund may be claimed only by the consumer and may not be claimed by the ultimate vender unless bulk sales of gasoline are made to a farmer after January 1, 2006, as provided in this subdivision and the farmer provides an exemption certificate to the ultimate vender, in which case the ultimate vender may make a claim for refund under section 142.824 but shall be liable for any erroneous refund;

(2) Kerosene sold for use as fuel to generate power in aircraft engines, whether in aircraft or for training, testing or research purposes of aircraft engines;

(3) Diesel fuel used as heating oil, or in railroad locomotives or any other motorized flanged-wheel rail equipment, or used for other nonhighway purposes other than as expressly exempted pursuant to another provision.

2. Subject to the procedural requirements and conditions set out in this chapter, the following uses are exempt from the tax imposed by section 142.803 on motor fuel, and a deduction or a refund may be claimed:

(1) Motor fuel for which proof of export is available in the form of a terminal-issued destination state shipping paper and which is either:

(a) Exported by a supplier who is licensed in the destination state or through the bulk transfer system;

(b) Removed by a licensed distributor for immediate export to a state for which all the applicable taxes and fees (however nominated in that state) of the destination state have been paid to the supplier, as a trustee, who is licensed to remit tax to the destination state; or which is destined for use within the destination state by the federal government for which an exemption has been made available by the destination state subject to procedural rules and regulations promulgated by the director; or

(c) Acquired by a licensed distributor and which the tax imposed by this chapter has previously been paid or accrued either as a result of being stored outside of the bulk transfer system immediately prior to loading or as a diversion across state boundaries properly reported in conformity with this chapter and was subsequently exported from this state on behalf of the distributor; The exemption pursuant to paragraph (a) of this subdivision shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax upon removal of the product from a terminal or refinery in this state. The exemption pursuant to paragraphs (b) and (c) of this subdivision shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars;

(2) Undyed K-1 kerosene sold at retail through dispensers which have been designed and constructed to prevent delivery directly from the dispenser into a vehicle fuel supply tank, and undyed K-1 kerosene sold at retail through nonbarricaded dispensers in quantities of not more than twenty-one gallons for use other than for highway purposes. Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

(3) Motor fuel sold to the United States or any agency or instrumentality thereof. This exemption shall be claimed as provided in section 142.818;

(4) Motor fuel used solely and exclusively as fuel to propel motor vehicles on the public roads and highways of this state when leased or owned and when being operated by a federally recognized Indian tribe in the performance of essential governmental functions, such as providing police, fire, health or water services. The exemption for use pursuant to this subdivision shall be made available to the tribal government upon a refund application stating that the motor fuel was purchased for the exclusive use of the tribe in performing named essential governmental services;

(5) That portion of motor fuel used to operate equipment attached to a motor vehicle, if the motor fuel was placed into the fuel supply tank of a motor vehicle that has a common fuel reservoir for travel on a highway and for the operation of equipment, or if the motor fuel was placed in a separate fuel tank and used only for the operation of auxiliary equipment. The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

(6) Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

(7) Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten days from the date of discovery of such loss or contamination, and within thirty days after such notice, shall file an affidavit sworn to by the person having immediate custody of such motor fuel at the time of the loss or contamination, setting forth in full the circumstances and the amount of the loss or contamination and such other information with respect thereto as the director may require;

(8) Dyed diesel fuel or dyed kerosene used for an exempt purpose. This exemption shall be claimed as follows:

(a) A supplier or importer shall take a deduction against motor fuel tax owed on their monthly report for those gallons of dyed diesel fuel or dyed kerosene imported or removed from a terminal or refinery destined for delivery to a point in this state as shown on the shipping papers;

(b) This exemption shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax on removal of the product from a terminal or refinery in this state;

(c) This exemption shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars.

3. Motor fuel used in any watercraft, as such term is defined in section 306.010, is exempt from the fuel tax imposed by this chapter, and no such tax shall be imposed or levied on any motor fuel delivered to any marina or other retailer within this state who sells such fuel solely for use in any watercraft in this state. Any distributor who delivers motor fuel to any marina located in this state for use only in a watercraft may also claim the exemption provided in this subsection.

144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a useable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption;

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-THIRD DAY, THURSDAY, APRIL 26, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

We know that in everything God works for good with those who love Him. (Romans 8:28)

Almighty God, from Whom we come, with Whom we live, and unto Whom our spirits return, may we feel the tap of Your finger upon our shoulders and the touch of Your spirit upon our hearts as we at this moment lift ourselves to You in prayer.

Always You are with us - always. Help us to become more aware of Your presence, renewing our faith in the goodness of life, restoring our spirits to the comfort of Your love, and reinvigorating our minds with fresh and positive thoughts.

We do not pray for relief from heavy responsibilities but for the gift of Your power which will help us to meet them with honor; not for fewer burdens but for greater strength to manage them with patience; not for less trouble but for more trust in You which will help us to master trouble with confidence. In all of life may we be more than conquerors through Him Who loves us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Mary Grace Campbell, Rachael Prawitz, Jacob Cogley, Sydney Nolte, Lauren Stanley and Hannah Benningfield.

The Journal of the sixty-second day was approved as printed.

HOUSE RESOLUTION NO. 1880

WHEREAS, more than a century ago, hunters, anglers, and trappers were among the first conservationists who realized America's natural resources were in peril and could not sustain unregulated harvest and habitat destruction; and

WHEREAS, hunters, anglers, and trappers took it upon themselves to support laws that stopped excessive harvest of fish and wildlife, established game and fish agencies to protect fish, wildlife, and their habitat, and support special fishing and hunting license fees to help fund the new agencies' efforts to provide for healthy natural resources for future generations; and

WHEREAS, upon realizing that license fees alone were insufficient to restore and sustain healthy fish and wildlife populations, hunters, anglers, and trappers supported excise taxes on firearms, ammunition, archery equipment, hunting equipment, and fishing equipment to raise additional funds to support restoration and enhancement efforts of the state agencies; and

WHEREAS, these efforts became known as the "Wildlife and Sport Fish Restoration Program" that began 75 years ago with the passage of the Federal Aid in Wildlife Restoration Act in 1937, and then was bolstered with the passage of the Federal Aid in Wildlife Restoration Act in 1950, further expanded with the Wallop-Breaux amendment to the Sport Fish Restoration Act in 1984; and

WHEREAS, these federal efforts supplemented conservation efforts made by the citizens of Missouri with the adoption of Article IV, Sections 40 to 42 of the Missouri Constitution in 1936, which created the Missouri Department of Conservation; and

WHEREAS, the combined contribution of the Wildlife and Sport Fish Restoration Programs to state fish and wildlife agencies exceeds $13 billion since 1939, the first year money was distributed to the states - more than any other single conservation effort in American history; and

WHEREAS, industry has collected the excise taxes on firearms, ammunition, archery equipment, manufactured fishing tackle, electric trolling motors, marine electronics, and motorboat fuel, and provided these funds to the states through the United States Fish and Wildlife Service; and

WHEREAS, industry has supported the Wildlife and Sport Fish Restoration Programs and continues to exhibit a spirit of cooperation with the state fish and wildlife agencies; and

WHEREAS, this cooperative partnership between industry, hunters, anglers, trappers, boaters, recreational shooters, the United States Fish and Wildlife Service and state natural resource agencies has resulted in most successful model of fish and wildlife management in the world, restoring populations from coast to coast, Alaska and Hawaii:

NOW THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-sixth General Assembly, hereby recognizes America's hunters, anglers, trappers, boaters, recreational shooters, industry, state fish and wildlife agencies, and the United States Fish and Wildlife Service for their leading role in restoring healthy populations of fish, wildlife, and other natural resources, both game and non-game, to the abundance we see today; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Missouri Department of Conservation, each member of the Missouri Congressional delegation, and local, regional, and national media sources so that people may know and

appreciate the foresight and contributions from anglers, hunters, trappers, recreational shooters, industry, state fish and wildlife agencies, and the United States Wildlife Service on behalf of our nation's natural resources.

Mr. Speaker: Your Committee on Tourism and Natural Resources, to which was referred **SS SCR 16**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Mr. Speaker: Your Committee on Tourism and Natural Resources, to which was referred **SCR 17**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

HOUSE RESOLUTION NO. 959

WHEREAS, civic prayers and national days of prayer have a long and venerable history in our constitutional republic, dating back to the First Continental Congress in 1775, which issued a proclamation setting aside a time for prayer in forming a new nation; and

WHEREAS, in 1863, Abraham Lincoln called for a day of prayer, and Franklin Roosevelt declared a national day of prayer on D-Day, June 6, 1944, the day the Allied powers crossed the English Channel and landed on the beaches of Normandy, France, beginning the liberation of Western Europe from Nazi control during World War II; and

WHEREAS, in 1952, by joint act of Congress and signed into law by Harry S. Truman, the "National Day of Prayer" was officially established as an annual event calling upon each President of the United States to set aside an appropriate day for national prayer; and

WHEREAS, on May 5, 1988, President Ronald Reagan signed a bill which passed unanimously in Congress making the first Thursday of every May the National Day of Prayer; and

WHEREAS, the National Day of Prayer is an opportunity to acknowledge our dependence on God, to give thanks for blessings received, and to request healing for wounds endured, and to ask God to guide our leaders and bring wholeness to the United States and her citizens; and

WHEREAS, the governors of all fifty states have signed proclamations encouraging all Americans to pray on the National Day of Prayer:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-sixth General Assembly, Second Regular Session, hereby recognize May 3, 2012, as the "National Day of Prayer" and encourages all citizens of the State of Missouri to join in this recognition and observance of prayer for the welfare of this state.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, MONDAY, APRIL 30, 2012

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Pastor Paul Meinsen.

Through the prophet, Isaiah, the LORD stated, *"For I am God, and there is no other; I am God, and there is no one like Me, declaring the end from the beginning, and from ancient times things which have not been done, saying, My purpose will be established, and I will accomplish all My good pleasure...Truly I have spoken; truly I will bring it to pass. I have planned it, surely I will do it." (Isaiah 46:9-10, 11b)*

Father, I give thanks this afternoon for Your mercies, abounding lovingkindness and grace. Your Word teaches us to do justice, love mercy, and to walk humbly with You. Please give each one of us the wisdom to know what is just and how to show mercy. Please give each one of us a heart that is desirous to do what is just and to show mercy.

I also pray, O Lord, for these You have ordained to lead the state of Missouri. May they govern in a way which glorifies You. May they seek that which is righteous and may they defend it with honor. In their discourses may they speak with respect for all.

I pray too, O Lord, for my fellow citizens of this great state. I pray that we will learn what it means to respect and honor those You have appointed to lead. Too many times, we have prayed for these leaders out of one side of our mouth and then spoken words of scorn, hatred and dishonor from the other. Instead, Lord, even if we disagree on issues, may we always show the honor due to these servants of Yours.

I pray that we will render unto Caesar that which is due; may we render unto You that which belongs to You.

May we fear You and You alone. Draw each one unto Yourself.

We call upon You in this prayer. Please answer and be glorified. For You are good, and Your love endures forever.

To the honor of Your name, O Lord, I pray in Your Son's name. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ella Margerette Schneider.

The Journal of the sixty-third day was approved as printed.

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 569, Page 3, Section 78.090, Line 23, by inserting after said line the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the

Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement **or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities**, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. 12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. 67.5012. The governing body of any county located within a district established pursuant to sections 67.5000 to 67.5038 is authorized to impose by order, ordinance, or otherwise a one-tenth of one cent local sales tax on all retail sales subject to taxation pursuant to sections 144.010 to 144.525 for the purpose of funding activities that are consistent with the powers and duties of a district, as set forth in section 67.5006. The tax authorized by this section shall be in addition to all other sales taxes allowed by law. The provisions of sections 32.085 and 32.087 shall apply to each local sales tax approved pursuant to sections 67.5000 to 67.5038.

67.5014. The local sales tax authorized in section 67.5012 shall be collected and allocated in the district as follows:

(1) Forty-five percent of the local sales taxes collected as described in section 67.5012 shall be deposited by the department of revenue in the parks, trails, and greenways district fund to be administered by the board of directors of that district to pay costs associated with the planning, development, supervision, improvement, maintenance, and custody of an interconnecting system of public parks, trails, open space, greenways, and recreational facilities within the boundaries of that district. 67.5016. 1. Any county levying a local sales tax under the authority of sections 67.5000 to 67.5038 shall not administer or collect the tax locally, but shall utilize the services of the state department of revenue to administer, enforce, and collect the tax. The sales tax shall be administered, enforced, and collected in the same manner and by the same procedure as other local sales taxes are levied and collected and shall be in addition to any other sales tax authorized by law. of that district, as established. Any refund due on any local sales tax collected pursuant to section 67.5000 to 67.5038 shall be paid out of the sales tax refund fund and reimbursed by the director of revenue from the sales tax revenue collected under this section. 67.5018. 1. The treasurer of the board of each district created shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of each district created by sections 67.5000 to 67.5038 shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be approved by the board of each district created. Upon board approval, the report shall be available for inspection.

2. The accounts of the district shall be open at any reasonable time for inspection by duly authorized representatives of the county and cities included within the jurisdictional boundaries of that district.

3. Annually, no later than one hundred twenty days after the close of each district's fiscal year, the board of each district created by sections 67.5000 to 67.5038 shall cause to be prepared a report on the operations and transactions conducted by that district during the preceding year. The report shall be an open record and shall be submitted to the governing bodies of each city and county within the jurisdictional boundaries of that district commencing the year following the year in which the district is created. The board of each district shall take those actions as are reasonably required to make this report readily available to the public.

67.5020. Notwithstanding the provisions of section 99.845 to the contrary, the revenues from the local sales taxes imposed under the authority set forth in section 67.5012 shall not be allocated to and paid by the state department of revenue to any special allocation fund established by any municipality under sections 99.800 to 99.865.

67.5022. 1. When a district is created pursuant to sections 67.5000 to 67.5038, the district shall be governed by a board of directors. The mayor of the largest city in that county shall appoint two persons from the residents of that city in that county, and the mayors of the next five most populous cities in the county shall, on a rotating basis and in accordance with subsection 2 of this section, appoint four persons from the residents of those respective cities in that county to serve on the board.

2. The mayors of the second through sixth most populous cities in that county, as determined by the most recent decennial census, shall appoint the board members from the residents of those cities in the county by December 15 of each year. Representation on the board from these second through sixth most populous cities shall be on a rotating basis, as follows. In the initial year:

(1) The second most populous city shall be represented on the board, and that member shall serve for a term of one year;

(2) The third most populous city shall be represented on the board, and that member shall serve for a term of two years;

(3) The fourth most populous city shall be represented on the board, and that member shall serve for a term of three years;

(4) The fifth most populous city shall be represented on the board, and that member shall serve for a term of four years; and

(5) The sixth most populous city shall not be represented on the board.

In the second year, the sixth most populous city shall be represented on the board, and the member shall serve for a term of four years. In that second year, the second most populous city shall have no representation on the board. Membership on the board shall rotate in this manner every year thereafter, with each of the second through sixth most populous cities not being represented on the board, in this alternating basis, one of every succeeding four years.

3. The board members appointed to a district shall hold office for four-year terms; provided that, initial terms of the representative of the second through the sixth most populous cities in the county shall be of the staggered lengths as set forth in subsection 2 of this section. On the expiration of the initial terms of appointment and on the expiration of any subsequent term, the resulting vacancies shall be filled by the chief elected official of each of the represented cities and the county. All vacancies on the board shall be filled in the same manner for

the duration of the term being filled. Board members shall serve until their successors are named and the successors have commenced their terms as board members. Board members shall be eligible for reappointment.

4. The chief elected official of each city or county that has membership on the board of a district may replace a board member representing that elected official's city or county at any time, in that elected official's sole discretion. Upon this removal, the chief elected official shall appoint another individual to represent that city or county on the board of directors of the district.

67.5024. Promptly after their appointment, the initial board members of a district created pursuant to sections 67.5000 to 67.5038 shall hold an organizational meeting at which they shall elect a president, secretary, treasurer, and any other officers from among their number as they may deem necessary. The members shall make and adopt bylaws, rules, and regulations for their guidance, as may be expedient and not inconsistent with sections 67.5000 to 67.5038.

67.5026. Board members shall be citizens of the United States and shall reside within the county or city, as the case may be, from which they are appointed. No board member shall receive compensation for performance of duties as a board member. No board member shall be financially interested directly or indirectly in any contract entered into pursuant to sections 67.5000 to 67.5038.

67.5028. When a public highway, street, or road extends into or through a public trail, trail area, greenway, or park area of a district, or when a public highway, street, or road forms all or part of a suitable connection between two or more public trails, trail areas, or park areas within a district, and it is advisable by the board to make alterations in the route or width of the highway or to grade, drain, pave, or otherwise improve the highway, the board may enter into agreements, consistent with the purposes of that district, with the public authorities in control of the portion of the highway, street, or road that lies within any, or forms any part of, a connecting link to and between any, public trail, trail area, or park area of a district. Any agreement with any such public authority shall follow the procedure authorized by law for dealing with that authority, and any agreement shall provide for the payment by the board of an agreed-upon portion of the costs of that agreement. This section shall not alter the legal status of that highway, street, or road in any way.

67.5030. No district created pursuant to sections 67.5000 to 67.5038 shall be authorized to exercise the power of eminent domain.

67.5032. 1. Bonds of a district authorized by sections 67.5000 to 67.5038 shall be issued pursuant to a resolution adopted by the board of directors of that district, which resolution shall set out the estimated cost to that district of the proposed improvements, and shall further set out the amount of bonds to be issued, their purpose or purposes, their date or dates, denomination or denominations, rate or rates of interest, time or times of payment, both of principal and of interest, place or places of payment, and all other details in connection with those bonds. These bonds may be subject to provision for redemption prior to maturity, with or without premium, and at the times and upon the conditions as may be provided by the resolution.

2. Notwithstanding the provisions of section 108.170, these bonds shall bear interest at rate or rates determined by the issuing district and shall mature within a period not exceeding twenty years and may be sold at public or private sale for not less than ninety-five percent of the principal amount of the bonds to be issued. Bonds issued by a district shall possess all of the qualities of negotiable instruments pursuant to the laws of this state.

3. These bonds may be payable to bearer, may be registered or coupon bonds and, if payable to bearer, may contain any registration provisions as to either principal and interest, or principal only, as may be provided in the resolution authorizing those bonds, which resolution may also provide for the exchange of registered and coupon bonds. These bonds and any coupons attached thereto shall be signed in the manner and by the officers of the district as may be provided by the resolution authorizing the bonds. A district may provide for the replacement of any bond that has become mutilated, destroyed, or lost.

4. Bonds issued by a district shall be payable as to principal, interest and redemption premium, if any, out of all or any part of the issuing district's parks, trails, and greenways fund, including revenues derived from local sales taxes and any other monies held by that district. Neither the board members nor any person executing the bonds shall be personally liable on those bonds by reason of the issuance of those bonds. Bonds issued pursuant to this section or section 67.5034 shall not constitute a debt, liability or obligation of this state, or any political subdivision of this state, nor shall any of these obligations be a pledge of the faith and credit of this state,

but shall be payable solely from the revenues and assets held by the issuing district. The issuance of bonds pursuant to this section or section 67.5034 shall not directly, indirectly or contingently obligate this state or any political subdivision of this state, other than the district issuing the bonds, to levy any form of taxation for those bonds or to make any appropriation for their payment. Each obligation or bond issued pursuant to this section or section 67.5034 shall contain, on its face, a statement to the effect that the issuing district shall not be obligated to pay those bonds nor the interest on those bonds, except from the revenues received by the issuing district or assets of that district lawfully pledged for that district, and that neither the good faith and credit nor the taxing power of this state or of any political subdivision of this state, other than the issuing district, is pledged to the payment of the principal of or the interest on that obligation or bond. The proceeds of these bonds shall be disbursed in the manner and pursuant to the restrictions the district may provide in the resolution authorizing the issuance of those bonds.

67.5034. 1. A district may issue negotiable refunding bonds for the purpose of refunding, extending or unifying the whole or any part of any bonds of a district then outstanding, or any bonds, notes or other obligations issued by any other public agency, public body or political subdivision in connection with any facilities to be acquired, leased or subleased by that district, which refunding bonds shall not exceed the amount necessary to refund the principal of the outstanding bonds to be refunded and the accrued interest on those bonds to the date of that refunding, together with any redemption premium, amounts necessary to establish reserve and escrow funds and all costs and expenses incurred in connection with the refunding. The board shall provide for the payment of interest and principal of any refunding bonds in the same manner as was provided for the payment of interest and principal of the bonds refunded.

2. In the event that any of the board members or officers of a district whose signatures appear on any bonds or coupons shall cease to be on the board or cease to be an officer before the delivery of those bonds, those signatures shall remain valid and sufficient for all purposes, the same as if that board member or officer had remained in office until the delivery of those bonds.

67.5036. Each district is hereby declared to be performing a public function and bonds of a district are declared to be issued for an essential public and governmental purpose and, accordingly, interest on those bonds and income from those bonds shall be exempt from income taxation by this state.

67.5038. All purchases by a district in excess of ten thousand dollars used in the construction or maintenance of any public recreational facility, trail, park, or greenway in that district shall be made pursuant to the lowest and best bid standard as provided in section 34.040 or pursuant to the lowest and best proposal standard as provided in section 34.042. The board of any district shall have the same discretion, powers and duties as granted to the commissioner of administration by sections 34.040 and 34.042."; and

2. The court shall hear the case without a jury. If the court determines the petition is defective or the proposed district or its plan of operation is unconstitutional, it shall enter its judgment to that effect and shall refuse to incorporate the district as requested in the pleadings. If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall **[**determine and declare**]** **order** the district organized and incorporated and shall approve the plan of operation stated in the petition.

3. Any party having filed a petition or answer to a petition may appeal the circuit court's order or judgment in the same manner as provided for other appeals. Any order either refusing to incorporate the district or incorporating the district shall be a final judgment for purposes of appeal.

67.1870. The costs of filing and defending the petition and all publication and incidental costs incurred in obtaining circuit court certification of the petition for voter approval shall be paid by the petitioners. If a district is organized **[**pursuant to**]** **under** sections 67.1860 to **[**67.1898**]** **67.1894**, the petitioners may be reimbursed for such costs out of the revenues received by the district.

67.1872. A district created **[**pursuant to**]** **under** sections 67.1860 to **[**67.1898**]** **67.1894** shall be governed by a board of directors consisting of five members to be elected as provided in section 67.1874.

67.1874. 1. Within thirty days after the order declaring the district organized has become final, the circuit clerk of the county in which the petition was filed shall give notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, to call a meeting of the owners of real property and registered voters **[**resident**]** within the district at a day and hour specified in a public place in the county in which the petition was filed for the purpose of electing a board of five directors, two to serve one year, two to serve two years, and one to serve three years, to be composed of **[**residents**]** **registered voters** of the district.

2. The attendees, when assembled, shall organize by **[**the election of**]** **electing** a chairman and secretary of the meeting **[**who**]**. **The secretary** shall conduct the election.

3. **Upon completion of the terms of the initial directors under subsection 1 of this section,** each director shall serve for a term of three years and until such director's successor is duly elected and qualified. Successor directors shall be elected in the same manner as the initial directors at a meeting of the **[**residents**]** **registered voters** called by the board. **[**Each successor director shall serve a three-year term.**]** The remaining directors shall have the authority to elect an interim director to complete any unexpired term of a director caused by resignation or disqualification.

4. Directors shall be at least twenty-one years of age.

67.1878. A district may receive and use funds for the purposes of planning, designing, constructing, reconstructing, maintaining and operating one or more projects relating to law enforcement. Such funds may be derived from any funding method which is authorized by sections 67.1860 to **[**67.1898**]** **67.1894** and from any other source, including but not limited to funds from federal sources, the state of Missouri or an agency of the state, a political subdivision of the state or private sources.

67.1880. 1. If approved by at least four-sevenths of the **[**qualified**]** **registered** voters voting on the question in the district, the district may impose a property tax in an amount not to exceed the annual rate of thirty cents on the hundred dollars assessed valuation. The district board may levy a property tax rate lower than its approved tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling **approved by the voters** without **new** voter approval. The property tax shall be uniform throughout the district.

2. The ballot of submission shall be substantially in the following form:

Shall the ..... Law Enforcement District impose a property tax upon all real and tangible personal property within the district at a rate of not more than ..... (insert amount) cents per hundred dollars assessed valuation for the purpose of providing revenue for the development of a project (or projects) in the district (insert general description of the project or projects, if necessary)?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If four-sevenths of the votes cast on the question by the registered voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales. If less than four-sevenths of the votes cast on the question by the registered voters voting thereon are in favor of the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the registered voters and such question is approved by the requisite four-sevenths of the registered voters voting on the question. In no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal submitted under this section.

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his or her commissions, remit to the treasurer of that district the amount collected or received by him or her prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

67.1886. In addition to all other powers granted by sections 67.1860 to **[**67.1898**]** **67.1894** the district shall have the following general powers:

(1) To contract with the **[**local**]** **county** sheriff's department for the provision of services;

(2) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(3) To fix compensation of its employees and contractors;

(4) To purchase any personal property necessary or convenient for its activities;

(5) To collect and disburse funds for its activities; and

(6) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

67.1888. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

3. **The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources. However,** the district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. **[**The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.**]**

67.1894. **[**1. The authority of the district to levy any property tax levied pursuant to section 67.1880 may be terminated by a petition of the voters in the district in the manner prescribed in this section.

2. The petition for termination of authority to tax may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116; or

(2) All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

4. If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the

signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 67.1896. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board**] Whenever the district board receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district, calling for an election to repeal the tax imposed under section 67.1880, the board shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the registered voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax authorized in section 67.1880 shall remain effective until the question is resubmitted under this section to the registered voters and the repeal is approved by a majority of the registered voters voting on the question**."; and

Further amend said bill, Section 115.761, Page 8, Line 31, by inserting after all of said line the following:

"**[**67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the

petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

[67.1892. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the ..... Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

☐ YES ☐ NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. [67.1896. 1. If the petition filed pursuant to section 67.1894 contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1894, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the authority of the ..... Law Enforcement District to adopt property taxes be terminated?

☐ YES ☐ NO

3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four-sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.**]**

[67.1898. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 67.1860 to 67.1898 is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 67.1874, in substantially the following form:

Shall ..... (Insert the name of the law enforcement district) Law Enforcement District be dissolved?

☐ YES ☐ NO

2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court.

If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, TUESDAY, MAY 1, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

"Fear not", saith the Lord, "for I am with you." (Isaiah 43:5)

O Lord, we give You thanks for the rest of the day and for the gift of a new day with its opportunities of serving You and our fellow Missourians, and leading our state into right and good paths.

By the might of Your presence in our hearts help us to master the spirit of pride and prejudice which separates people and causes them to strive against each other. Lead us and our citizens into the paths of mutual helpfulness and mutual concern, that in all good will and as free people we may live together in peace.

Guide us into the ways of justice and truth and establish peace which is the fruit of righteousness.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-fourth day was approved as printed.

SPECIAL RECOGNITION

Ray Brock, Liberty, Missouri, was introduced by Representative Neth and recognized as an Outstanding Missourian.

PERFECTION OF HOUSE BILL

HCS HB 1049, relating to bullying in schools, was taken up by Representative Allen.

Representative Scharnhorst offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 1049, Page 1, Section A, Line 2, by inserting after all of said line the following:

"**135.1220. 1. As used in this section, the following terms mean:**
(1) "Contribution", a donation of cash, stock, bonds, or other marketable securities, or real property;
(2) "Department", the department of elementary and secondary education;

(3) "Director", the director of the department of elementary and secondary education;

(4) "Educational scholarships", grants to students to cover all or part of the tuition and fees at either a qualified nonpublic school or a qualified public school, including transportation;

(5) "Eligible student", any elementary or secondary student who attended public school in Missouri the preceding semester whose parent has executed an affidavit to be filed with the scholarship application that his or her child has been bullied, as bullying is defined in section 160.775, RSMo;

(6) "Parent", includes a guardian, custodian, or other person with authority to act on behalf of the child;

(7) "Program", the program established in this section;

(8) "Qualified school", either an accredited public elementary or secondary school outside of the district in which a student resides or an accredited nonpublic elementary or secondary school in Missouri that complies with all of the requirements of the program and complies with all state laws that apply to nonpublic schools regarding criminal background checks for employees and excludes from employment any person not permitted by state law to work in a nonpublic school;

(9) "Scholarship granting organization", a charitable organization which is exempt from federal income tax that complies with the requirements of this program and provides education scholarships to students attending qualified schools of their parents' choice, and that does not accept contributions on behalf of any eligible student from any taxpayer with any obligation to provide any support for the eligible student;

(10) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer under chapters 143, 147, 148, and 153, excluding sections 143.191 to 143.265 and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer under chapter 143, excluding sections 143.191 to 143.265 and related provisions;

(11) "Taxpayer", a person, firm, a partner in a firm, corporation, or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state under the provisions of chapter 148, or an express company which pays an annual tax on its gross receipts in this state under chapter 153, or an individual subject to the state income tax imposed by the provisions of chapter 143, or any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143.

2. For all tax years beginning on or after January 1, 2012, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability in an amount equal to eighty percent of the amount such taxpayer contributed to a scholarship granting organization. No taxpayer shall be issued more than eight hundred thousand dollars in tax credits authorized under this section per tax year.

3. The amount of the tax credit claimed shall not exceed fifty percent of a taxpayer's state tax liability for the taxable year for which the credit is claimed. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. The director shall determine, at least annually, which organizations in this state may be classified as scholarship granting organizations. The director may require of an organization seeking to be classified as a scholarship granting organization whatever information which is reasonably necessary to make such a determination. The director shall classify an organization as a scholarship granting organization if such organization meets the definition set forth in this section.

5. The director shall establish a procedure by which a taxpayer can determine if an organization has been classified as a scholarship granting organization. Scholarship granting organizations shall be permitted to decline a contribution from a taxpayer.

6. Each scholarship granting organization shall provide information to the director concerning the identity of each taxpayer making a contribution to the scholarship granting organization who is claiming a tax credit under this section and the amount of the contribution. The director shall provide the information to the director of revenue. The director shall be subject to the confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

7. Once a scholarship granting organization has decided to provide a student with a scholarship, it shall promptly notify the director. The director shall keep a running tally of the number of scholarships granted in the order in which they were reported. Once the tally reaches the annual limit of eligible students, the director shall notify all of the participating scholarship granting organizations that they may not issue any more scholarships and any more receipts for contributions. If the scholarship granting organizations have not

expended all of their available scholarship funds in that year at the time when the limit is reached, the available scholarship funds may be carried over into the next year. These unexpended funds shall not be counted as part of the requirement in subdivision (3) of subsection 9 of this section for that year. Any receipt for a scholarship contribution issued by a scholarship granting organization before the director has publicly announced the student limit has been reached shall be valid for a taxpayer claiming a credit.

8. Notwithstanding any other law to the contrary, any tax credits granted under this section may be assigned, transferred, sold, or otherwise conveyed without consent or approval. Such taxpayer, hereinafter the assignor for purposes of this section, may sell, assign, exchange, or otherwise transfer earned tax credits:

(1) For no less than seventy-five percent of the par value of such credits; and

(2) In an amount not to exceed one hundred percent of annual earned credits.

9. Each scholarship granting organization participating in the program shall:

(1) Notify the department of its intent to provide educational scholarships to students attending qualified schools;

(2) Provide a department-approved receipt to taxpayers for contributions made to the organization;

(3) Ensure that at least ninety percent of its revenue from donations is spent on educational scholarships, and that all revenue from interest or investments is spent on educational scholarships;

(4) Distribute periodic scholarship payments as checks made out to a student's parent and mailed to the qualified school where the student is enrolled. The parent or guardian shall endorse the check before it can be deposited;

(5) Cooperate with the department to conduct criminal background checks on all of its employees and board members and exclude from employment or governance any individual who might reasonably pose a risk to the appropriate use of contributed funds;

(6) Ensure that scholarships are portable during the school year and can be used at any qualified school that accepts the eligible student according to a parent's wishes. If a student moves to a new qualified school during a school year, the scholarship amount may be prorated;

(7) Demonstrate its financial accountability by:

(a) Submitting a financial information report for the organization that complies with uniform financial accounting standards established by the department and conducted by a certified public accountant; and

(b) Having the auditor certify that the report is free of material misstatements;

(8) Demonstrate its financial viability, if the organization is to receive donations of fifty thousand dollars or more during the school year, by filing with the department prior to the start of the school year:

(a) A surety bond payable to the state in an amount equal to the aggregate amount of contributions expected to be received during the school year; or

(b) Financial information that demonstrates the financial viability of the scholarship granting organization.

10. Each scholarship granting organization shall ensure that each participating school that accepts its scholarship students shall:

(1) Comply with all health and safety laws or codes that apply to nonpublic schools;

(2) Hold a valid occupancy permit if required by its municipality;

(3) Certify that it will comply with 42 U.S.C. Section 1981, as amended; and

(4) Provide academic accountability to parents of the students in the program by regularly reporting to the parent on the student's progress.

11. Scholarship granting organizations shall not provide educational scholarships for students to attend any school with paid staff or board members who are relatives within the first degree of consanguinity or affinity.

12. A scholarship granting organization shall publicly report to the department, by June first of each year, the following information prepared by a certified public accountant regarding its grants in the previous calendar year:

(1) The name and address of the scholarship granting organization;

(2) The total number and total dollar amount of contributions received during the previous calendar year; and

(3) The total number and total dollar amount of educational scholarships awarded during the previous calendar year, and the total number and total dollar amount of educational scholarships awarded during the previous year to students eligible for free and reduced lunch.

13. The department shall adopt rules and regulations consistent with this section as necessary to implement the program.

14. The department shall provide a standardized format for a receipt to be issued by a scholarship granting organization to a taxpayer to indicate the value of a contribution received. The department shall require a taxpayer to provide a copy of this receipt when claiming the Missouri special needs scholarship tax credit.

15. The department shall provide a standardized format for scholarship granting organizations to report the information in this section.

16. The department may conduct either a financial review or audit of a scholarship granting organization.

17. If the department believes that a scholarship granting organization has intentionally and substantially failed to comply with the requirements of this section, the department may hold a hearing before the director, or his or her designee, to bar a scholarship granting organization from participating in the program. The director, or his or her designee, shall issue a decision within thirty days. A scholarship granting organization may appeal the director's decision to the administrative hearing commission for a hearing in accordance with the provisions of chapter 621.

18. If the scholarship granting organization is barred from participating in the program, the department shall notify affected scholarship students and their parents of this decision within fifteen days.

19. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

20. The department shall conduct a study of the program with funds other than state funds. The department may contract with one or more qualified researchers who have previous experience evaluating similar programs. The department may accept grants to assist in funding this study.

21. The study shall assess:

(1) The level of participating students' satisfaction with the program;

(2) The level of parental satisfaction with the program;

(3) The percentage of participating students who were bullied or harassed at their qualified school;

(4) The percentage of participating students who exhibited behavioral problems at their resident school district compared to the percentage exhibiting behavioral problems at their qualified school;

(5) The class size experienced by participating students at their resident school district and at their qualified school; and

(6) The fiscal impact to the state and resident school districts of the program.

22. The study shall be completed using appropriate analytical and behavioral sciences methodologies to ensure public confidence in the study.

23. The department shall provide the general assembly with a final copy of the evaluation of the program by December 31, 2015.

24. The public and nonpublic participating schools from which students transfer to participate in the program shall cooperate with the research effort by providing student assessment instrument scores and any other data necessary to complete this study.

25. The general assembly may require periodic updates on the status of the study from the department. The individuals completing the study shall make their data and methodology available for public review while complying with the requirements of the Family Educational Rights and Privacy Act, as amended.

26. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall sunset automatically on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically on December thirty-first twelve years after the effective date of the reauthorization of this section; and

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in **[**subsection**]** **subsections** 9 **and 10** of this section.

7. Notwithstanding any provision of this section to the contrary, the department of transportation shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The department of transportation shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours, shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

(2) Establish one-way streets and provide for the regulation of vehicles thereon;

House Amendment No. 4

AMEND Senate Bill No. 611, Page 1, Section A, Line 2, by inserting after all of said section the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. **[**Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5.**] The director of revenue shall have authority to produce or allow others to produce a new temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days from the date of purchase.** The temporary permit **[**shall be made available by the director of revenue and**] authorized under**

this section may be purchased **by the purchaser of a motor vehicle or trailer** from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer**, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates**. The director **[**shall**] or a producer authorized by the director may** make temporary permits available to registered dealers in this state or authorized agents of the department of revenue **[**in sets of ten permits**]**. The **[**fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued**] price paid by a registered dealer or an authorized agent of the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director shall direct dealers and authorized agents to obtain temporary permits from the authorized producer. Amounts received by the director for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director shall not constitute state revenue and any amounts received by dealers or authorized agents for temporary permits purchased from a producer other than the director shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director under section 301.190**. No dealer or authorized agent shall charge more than **[**seven dollars and fifty cents**] five dollars** for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

[6.**] 5.** The permit shall be issued on a form prescribed by the director and issued only for the applicant's **[**use in the**] temporary** operation of the motor vehicle or trailer purchased to enable the applicant to **[**legally**] temporarily** operate the vehicle while proper title and registration **[**plate**] plates** are being obtained**, or while awaiting receipt of registration plates**, and shall be displayed on no other vehicle. [7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit.**]**

6. Every dealer that issues **[**a**]** temporary **[**permit**] permits** shall keep, for inspection **[**of**] by** proper officers, **[**a correct**] an accurate** record of each permit issued by recording the permit **[**or plate**]** number, **the dealer's number,** buyer's name and address, **the vehicle's** year, make, **and** manufacturer's vehicle identification number **[**on which the permit is to be used**]**, and the **permit's** date of issuance **and expiration date**.

[8.**] 7.** Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The director may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. The notice shall be mailed at least ninety days before the date of license expiration to the licensee's last known business address. **The director shall have the authority to issue licenses valid for a period of up to two years and to stagger the license periods for administrative efficiency and equalization of workload, at the sole discretion of the director.**

3. Every manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, wholesale motor vehicle auction, boat dealer or public motor vehicle auction shall make application to the department for issuance of a license. The application shall be on forms prescribed by the department and shall be issued under the terms and provisions of sections 301.550 to 301.573 and require all applicants, as a condition precedent to the issuance of a license, to provide such information as the department may deem necessary to determine that the applicant is bona fide and of good moral character, except that every application for a license shall contain, in addition to such information as the department may require, a statement to the following facts:

(1) The name and business address, not a post office box, of the applicant and the fictitious name, if any, under which he intends to conduct his business; and if the applicant be a partnership, the name and residence address of each partner, an indication of whether the partner is a limited or general partner and the name under which the partnership business is to be conducted. In the event that the applicant is a corporation, the application shall list the names of the principal officers of the corporation and the state in which it is incorporated. Each application shall be verified by the oath or affirmation of the applicant, if an individual, or in the event an applicant is a partnership or corporation, then by a partner or officer;

(2) Whether the application is being made for registration as a manufacturer, boat manufacturer, new motor vehicle franchise dealer, used motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, wholesale motor vehicle auction or a public motor vehicle auction;

The department shall not require a copy of the franchise agreement to be submitted with each renewal application unless the

applicant is now the holder of a franchise from a different manufacturer or distributor from that previously filed, or unless a new term of agreement has been entered into;

(4) When the application is for a public motor vehicle auction, that the public motor vehicle auction has met the requirements of section 301.561.

4. No insurance company, finance company, credit union, savings and loan association, bank or trust company shall be required to obtain a license from the department in order to sell any motor vehicle, trailer or vessel repossessed or purchased by the company on the basis of total destruction or theft thereof when the sale of the motor vehicle, trailer or vessel is in conformance with applicable title and registration laws of this state.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the residence of the purchaser and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes imposed pursuant to the local sales tax law on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of **[**his**] the director's** deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering **[**himself**] the director** and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on **[**his**] the director's** management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. **[**He**] The director** shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by **[**him**] such person** under the local sales tax law or in the event a determination has been made against **[**him**] such person** for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax

32.088. 1. Beginning January 1, 2013, the possession of a statement from the department of revenue stating no tax, applicable to the business seeking to issue or renew its license, is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under section 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business unless the owner is by law subject at least biennially to a state tax check for purposes of retaining a professional license under sections 168.071, 324.010 and 484.053. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

2. Beginning January 1, 2013, in lieu of subsection 1 of this section, the director shall, as soon as practical thereafter, enter into an agreement with any state agency responsible for issuing any state license for conducting any business requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under section 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue and imposed in this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from August 1, 2012, to October 31, 2012, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before August 1, 2012. The amnesty shall apply only to state tax liabilities due or due but unpaid on or before December 31, 2011, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance due by October 31, 2012, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

6. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

7. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund. The department must track all payments received and submit a report, no later than December 31, 2012, to the speaker of the house of representatives and the president pro tem in the senate.

8. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2012, shall be invalid and void.

9. This section shall become effective on July 1, 2012, and shall expire on December 31, 2015.

32.385. 1. The director of revenue and the commissioner of administration may jointly enter into a reciprocal collection and offset of indebtedness agreement with the federal government, under which the State will offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies non-tax debt owed to the federal government; and the federal government will offset from federal payments to vendors, contractors, and taxpayers debt owed to the state of Missouri.

2. When used in this section, the following words, terms, and phrases are defined as set forth herein:

(1) Certify to the state of Missouri the existence of a person's delinquent nontax liability owed by the person to the federal government;

(2) Request that the state of Missouri withhold any refund and vendor payment to which the person is entitled;

(3) Certify and request the state of Missouri to withhold a refund or vendor payment only if the laws of the United States:

(b) Provide for the payment of the amount withheld to the state;

(4) Retain a portion of the proceeds of any collection setoff as provided under the setoff agreement.

4. Under the offset agreement, a certification by a federal official to the state of Missouri shall include:

(3) The amount of the nontax liability; and

(4) A statement that the debt is past due and legally enforceable in the amount certified.

5. If a person for whom a certification is received from a federal official is due a refund of Missouri tax or a vendor payment, the agreement may provide that the state of Missouri shall:

(1) Withhold a refund or vendor payment that is due a person whose name has been certified by a federal official;

(2) In accordance with the provisions of the offset agreement, notify the person of the amount withheld in satisfaction of a liability certified by a federal official;

(3) Pay to the federal official the lesser of:

(2) Request that the federal official withhold any eligible vendor payment to which the person is entitled; and

(5) Any other information required by federal statute or regulation applicable to the collection of the debt by offset of federal payments.

8. Any other provisions of law to the contrary notwithstanding, the director of revenue and the commissioner of administration shall have the authority to enter into reciprocal agreements with any other state which extends a like comity to this state to set off offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies nontax debt for debts due the other state that extends a like comity to this state.

32.410. As used in sections 32.410 to 32.460, the following terms shall mean:

(1) "Debt", an amount owed to the state directly or through a state agency, on account of a fee, duty, lease, direct loan, loan insured or guaranteed by the state, rent, service, sale of real or personal property, overpayment, fine, assessment, penalty, restitution, damages, interest, tax, bail bond, forfeiture, reimbursement, liability owed, an assignment, recovery of costs incurred by the state, or any other source of indebtedness to the state;

(2) "Debtor", an individual, a corporation, a partnership, an unincorporated association, a limited liability company, a trust, an estate, or any other public or private entity, including a state, local, or federal government, or an Indian tribe, that is liable for a debt or against whom there is a claim for a debt;

(3) "Department", the department of revenue;

(4) "State agency", any division, board, commission, office, or other agency of the state of Missouri, including public community college districts and any state or municipal court.

32.420. 1. Notwithstanding any other provision of law to the contrary, all state agencies may refer to the department for collection debts owed to them. The department may provide collection services on debts referred to the department by a state agency. This authority shall not supersede the authority granted to the attorney general under section 27.060 or any other statute.

2. A referring agency may refer the debt to the department for collection at any time after a debt becomes delinquent and uncontested and the debtor shall have no further administrative appeal of the amount of the debt. Methods and procedures for referral shall be governed by an agreement between the referring agency and the department.

3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure shall govern the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

4. The state agency shall send notice to the debtor by United States mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.

32.430. 1. Except as otherwise provided in this section, the department shall have the authority to use all general remedies afforded creditors of this state in collection of debt as well as any remedies afforded the state agency referring the debt and to the state in general as a creditor. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions under section 140.910 or 143.902 for a debt referred by a state agency or to prosecute an action under subsection 10 of section 140.910.

2. In addition to the remedies identified in sections 32.410 to 32.460, the department may use the collection remedies afforded under sections 140.910 and 143.902 in the collection of any state debt referred to the department.

3. The department may employ department staff and attorneys, and at the department's discretion, prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency

32.440. 1. The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.

2. The cost of collection shall only be waived when:

(1) Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;

(2) A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement; or

(3) Collection costs have been added by the state agency and are included in the amount of the referred debt.

3. If the department collects an amount less than the total due, the payment shall be applied proportionally to collection costs and the underlying debt unless the department has waived this requirement for certain categories of debt. Collection costs collected by the department under this section shall be deposited in the general revenue fund.

32.450. The department may compromise state debt referred to the department in accordance with section 32.378 and any agreement with the referring agency.

32.460. The department and state agencies, including the judiciary, may exchange such information, including the debtor's Social Security number, as is necessary for the successful collection of the state debt referred. The referring agency shall follow all applicable federal and state laws regarding the confidentiality of information and records regarding the debtor. The confidentiality laws applicable to the particular information received and retained by each agency shall apply to the employees of such state agency and to the department when such information has been forwarded to the department."

105.716. 1. Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made.

In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

2. All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees,

court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

5. Notwithstanding any other provision of law to the contrary, except for payments of less than ten thousand dollars for property damage, no funds shall be expended from the state legal expense fund for settlement of any liability claim except upon the production of a no tax due statement from the department of revenue by the party making claim or having judgment under section 105.711, which shall be satisfied from such fund. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, after the payment of attorney's fees and expenses associated with liability of the fund to the party, any remaining funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.

140.910. 1. In addition to any other remedy provided by law for the collection of delinquent taxes due the state of Missouri, if the director has filed a certificate of lien in the circuit court as provided by section 143.902, 144.380, or 144.690, the director or the director's designee may issue an order directing any person, after the payment of attorney fees and expenses associated with creating the proceeds belonging to, due, or to become due to the taxpayer, to withhold and pay over to the department assets belonging to, due, or to become due the taxpayer. The director or the director's designee shall not issue the administrative garnishment if the taxpayer has entered into a written agreement with the department for an alternative payment arrangement and the taxpayer is in compliance with the agreement.

2. An order entered under this section shall be served on the person or other legal entity either by regular mail or by certified mail, return receipt requested, or may be issued through electronic means, and shall be binding on the employer or other payor two weeks after mailing or electronic issuance of such service. The person or other entity in possession of assets belonging to, due, or to become due the taxpayer may deduct an additional sum not to exceed six dollars per month as reimbursement for costs, except that the total amount withheld shall not exceed the limitations contained in the federal Consumer Credit Protection Act, 15 U.S.C. Section 1673, as amended.

3. A copy of the order shall be mailed to the taxpayer at the taxpayer's last known address. The notice shall advise the taxpayer that the administrative garnishment has commenced and the procedures to contest such garnishment on the grounds that such garnishment is improper due to a mistake of fact by requesting a hearing within thirty days from mailing or electronic issuance of the notice. At such a hearing the certified records of the department shall constitute prima facie evidence that the director's order is valid and enforceable. If a prima facie case is established, the obligor may only assert as a defense mistake as to the identity of the taxpayer, mistake as to payments made, or existence of an alternative payment agreement for which no default has occurred. The taxpayer shall have the burden of proof on such issues. The taxpayer may obtain relief from the garnishment by paying the amount owed.

4. An employer or other payor shall withhold from the earnings or other income of each taxpayer the amount specified in the order. The employer or other payor shall transmit the payments as directed in the order within ten business days of the date the earnings, money due, or other income was payable to the taxpayer. For purposes of this section, "business day" means a day that state offices are open for regular business. The employer or other payor shall, along with the amounts transmitted, provide the date the amount was withheld from the taxpayer.

5. An order issued under subsection 1 of this section shall be a continuing order and shall remain in effect and be binding upon any employer or other payor upon whom it is directed until a further order of the director. The director shall notify an employer or other payor upon whom such an order has been directed whenever the deficiency is paid in full.

6. If the order is served on a person other than an employer or other payor, it shall be a lien against any money belonging to the taxpayer that is in the possession of the person on the date of service. The person other than an employer or other payor shall pay over any assets within ten business days of the service date of the order. A financial institution ordered to surrender an account shall be entitled to collect its normally scheduled account activity surcharges to maintain the account during the period of time the account is garnished. For purposes of this section, the interest of the taxpayer in any joint financial accounts shall be presumed to be equal to all other joint owners.

7. An order issued under subsection 1 of this section shall have priority over any other legal process under state law against the same income or other asset, except that where the other legal process is an order issued under section 452.350, 454.505, or 454.507, the withholding for child support shall have priority.

8. No person who complies with an order entered under this section shall be liable to the taxpayer, or to any other person claiming rights derived from the taxpayer, for wrongful withholding. A person who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the state in a sum equal to the value of the wages or property not surrendered, but not to exceed the amount of tax deficiency. The director is hereby authorized to bring an action in circuit court to determine the liability of a person for failure to withhold or pay the amounts as ordered. If a court finds that a violation has occurred, the court may fine the person in an amount not to exceed five hundred dollars. The court may also enter a judgment against the person or other legal entity for the amounts to be withheld or paid, court costs, and reasonable attorney's surcharges.

9. The remedy provided by this section shall be available where the state or any of its political subdivisions is the employer or other payor of the taxpayer in the same manner and to the same extent as where the employer or other payor is a private party.

10. An employer shall not discharge, or refuse to hire or otherwise discipline, an employee as a result of an order to withhold and pay over certain money authorized by this section. If any such employee is discharged within thirty days of the date upon which an order to withhold and pay over certain money is to take effect, there shall arise a rebuttable presumption that such discharge was a result of such order. This presumption shall be overcome only by clear, cogent, and convincing evidence produced by the employer that the employee was not terminated because of the order to withhold and pay over certain money. The director or the director's designee is hereby authorized to bring an action in circuit court to determine whether the discharge constitutes a violation of this subsection. If the court finds that a violation has occurred, the court may enter an order against the employer requiring reinstatement of the employee and may fine the employer in an amount not to exceed five hundred dollars. Further, the court may enter judgment against the employer for the back wages, costs, attorney's surcharges, and for the amount of taxes that should have been withheld and paid over during the period of time the employee was wrongfully discharged.

11. If a taxpayer for whom an order to withhold has been issued under subsection 1 of this section terminates the taxpayer's employment, the employer shall, within ten days of the termination, notify the department of the termination, shall provide to the department the last known address of the taxpayer, if known to the employer, and shall provide to the department the name and address of the taxpayer's new employer, if known. The director or the director's designee may issue an order to the new employer as provided in subsection 1 of this section.

12. For purposes of this section, "assets" include, but are not limited to, currency, any financial account or other liquid asset, and any income or other periodic form of payment due to a taxpayer regardless of source, including, but not limited to, wages, salaries, commissions, bonuses, workers' compensation benefits, disability benefits, payments pursuant to a pension or a retirement program, and interest.

144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person's administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance, with interest as determined by section 32.065, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment. **If a taxpayer applying for a refund under the provisions of this section submits a written request for the director to hold a refund claim unprocessed pending the outcome of legal proceedings on the same or similar grounds or transactions, and agrees that the taxpayer's claim will be bound by the outcome of such legal proceeding should the outcome of such proceeding be adverse to the taxpayer's position, the director shall hold such refund claim unprocessed pending the outcome of such legal proceedings on the same or similar grounds or transactions. Notwithstanding any provision of section 32.069 to the contrary, interest shall not accrue on any refund for the time period such refund claim is held at the request of the taxpayer applying for a refund under the provisions of this subsection. If the seller did not file a return with the director for the period for which the refund is claimed and remit payment as shown on the return, the director shall not issue the refund to the purchaser.**

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against

the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director's record.

4. **Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director otherwise would have against either the purchaser or vendor or seller, and such claim for refund is accompanied by either:**

An assignment of rights statement shall contain the Missouri sales or use tax registration number of the vendor or seller, a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller, and a notarized statement signed by the vendor or seller affirming that the vendor or seller has not received a refund or credit, will not apply for a refund or credit of the tax collected on any transactions covered by the assignment, and authorizes the director to amend the seller's return to reflect the refund; or

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within sixty days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller.

The director shall not require such vendor, seller, or purchaser to submit amended returns for refund claims submitted under the provisions of this subsection. Notwithstanding the provisions of section 32.057, if the seller is registered with the director for collection and remittance of sales tax, the director shall notify the seller at the seller's last known address of the claim for refund. If the seller objects to the refund within thirty days of the date of the notice, the director shall not pay the refund. If the seller agrees that the refund is warranted or fails to respond within thirty days, the director may issue the refund and amend the seller's return to reflect the refund. For purposes of section 32.069, the refund claim shall not be considered to have been filed until the seller agrees that the refund is warranted or thirty days after the date the director notified the seller and the seller failed to respond.

5. Notwithstanding the provisions of section 32.057, when a vendor files a refund claim on behalf of a purchaser and such refund claim is denied by the director, notice of such denial and the reason for the denial shall be sent by the director to the vendor and each purchaser whose name and address is submitted with the refund claim form filed by the vendor. A purchaser shall be entitled to appeal the denial of the refund claim within sixty days of the date such notice of denial is mailed by the director as provided in section 144.261. The provisions of this subsection shall apply to all refund claims filed after August 28, 2012. The provisions of this subsection allowing a purchaser to appeal the director's decision to deny a refund claim shall also apply to any refund claim denied by the director on or after January 1, 2007, if an appeal of the denial of the refund claim is filed by the purchaser no later than September 28, 2012, and if such claim is based solely on the issue of the exemption of the electronic transmission or delivery of computer software.

6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record **if the individual was not operating a commercial motor vehicle or a commercial driver's license holder at the time of the offense**. For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number. If any city, town, or village disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, or village may submit to an annual audit by the state auditor under the authority of article IV, section 13 of the Missouri Constitution. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

At the discretion of the ultimate vender, the refund may be claimed by the ultimate vender on behalf of the consumer for sales made to farmers and to persons engaged in construction for agricultural purposes as defined in section 142.800. After December 31, 2000, the refund may be claimed only by the consumer and may not be claimed by the ultimate vender unless bulk sales of gasoline are made to a farmer after January 1, 2006, as provided in this subdivision and the farmer provides an exemption certificate to the ultimate vender, in which case the ultimate vender may make a claim for refund under section 142.824 but shall be liable for any erroneous refund;

(2) Kerosene sold for use as fuel to generate power in aircraft engines, whether in aircraft or for training, testing or research purposes of aircraft engines;

(3) Diesel fuel used as heating oil, or in railroad locomotives or any other motorized flanged-wheel rail equipment, or used for other nonhighway purposes other than as expressly exempted pursuant to another provision.

2. Subject to the procedural requirements and conditions set out in this chapter, the following uses are exempt from the tax imposed by section 142.803 on motor fuel, and a deduction or a refund may be claimed:

(a) Exported by a supplier who is licensed in the destination state or through the bulk transfer system;

(b) Removed by a licensed distributor for immediate export to a state for which all the applicable taxes and fees (however nominated in that state) of the destination state have been paid to the supplier, as a trustee, who is licensed to remit tax to the destination state; or which is destined for use within the destination state by the federal government for which an exemption has been made available by the destination state subject to procedural rules and regulations promulgated by the director; or

(c) Acquired by a licensed distributor and which the tax imposed by this chapter has previously been paid or accrued either as a result of being stored outside of the bulk transfer system immediately prior to loading or as a diversion across state boundaries properly reported in conformity with this chapter and was subsequently exported from this state on behalf of the distributor; The exemption pursuant to paragraph (a) of this subdivision shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax upon removal of the product from a terminal or refinery in this state. The exemption pursuant to paragraphs (b) and (c) of this subdivision shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars;

(2) Undyed K-1 kerosene sold at retail through dispensers which have been designed and constructed to prevent delivery directly from the dispenser into a vehicle fuel supply tank, and undyed K-1 kerosene sold at retail through nonbarricaded dispensers in quantities of not more than twenty-one gallons for use other than for highway purposes. Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed

kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

(5) That portion of motor fuel used to operate equipment attached to a motor vehicle, if the motor fuel was placed into the fuel supply tank of a motor vehicle that has a common fuel reservoir for travel on a highway and for the operation of equipment, or if the motor fuel was placed in a separate fuel tank and used only for the operation of auxiliary equipment. The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

(6) Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

(7) Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten days from the date of discovery of such loss or contamination, and within thirty days after such notice, shall file an affidavit sworn to by the person having immediate custody of such motor fuel at the time of the loss or contamination, setting forth in full the circumstances and the amount of the loss or contamination and such other information with respect thereto as the director may require;

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within sixty days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. 6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644 shall be remitted based upon the location of the place of business of the purchaser.

No later than sixty days following the receipt of eligible costs and documentation of such costs from the applicant as required in subsection 3 of this section, the department may issue a refundable tax credit to the applicant for the lesser of one hundred percent of eligible costs incurred by the applicant or an amount equal to five dollars multiplied by the event's average per-session admission tickets sold and paid registered participants multiplied by the number of days from the first to the last day of the event. 5. In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year. 8. The department shall only certify an applicant's support contract for a sporting event in which the site selection organization has yet to select a location for the sporting event as of August 28, 2012. Support contracts shall not be certified by the department after August 28, 2018, provided that the support contracts may be certified on or prior to August 28, 2018, for sporting events that will be held after such date.

9. The department may promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

67.3005. 1. For all taxable years beginning on or after January 1, 2012, any taxpayer shall be allowed a credit against the taxes otherwise due under chapter 143, 147, or 148, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the amount of an eligible donation, subject to the restrictions in this section. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state income tax liability in the tax year for which the credit is claimed. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's four subsequent taxable years.

2. To claim the credit authorized in this section, a certified sponsor or local organizing committee shall submit to the department an application for the tax credit authorized by this section on behalf of taxpayers. The department shall verify that the applicant has submitted the following items accurately and completely:

(1) A valid application in the form and format required by the department;

(2) A statement attesting to the eligible donation received, which shall include the name and taxpayer identification number of the individual making the eligible donation, the amount of the eligible donation, and the date the eligible donation was received; and

(3) Payment from the certified sponsor or local organizing committee equal to the value of the tax credit for which application is made.

If the certified sponsor or local organizing committee applying for the tax credit meets all criteria required by this subsection, the department shall issue a certificate in the appropriate amount.

3. Tax credits issued under this section may be assigned, transferred, sold, or otherwise conveyed, and the new owner of the tax credit shall have the same rights in the credit as the taxpayer. Whenever a certificate is assigned, transferred, sold, or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit or the value of the credit. In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year.

4. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

5. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after August 28, 2012, unless reauthorized by an act of the general assembly; and

House Amendment No. 3

AMEND House Amendment No. 3 to Senate Substitute for Senate Committee Substitute for Senate Bill No. 719, Page 2, Line 22, by inserting after all of said line the following:

'Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"302.173. 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state, another state, or a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the armed forces, their adult dependents or any active member of the peace corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the armed forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a license from a state which has requirements for issuance of a license comparable to the Missouri requirements or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 and such license has not expired more than six months prior to the date

of application for the Missouri license, the director may waive the test of the applicant's practical knowledge of the traffic laws of this state, and the requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an individual has committed fraud or deception during the examination process, the license examiner shall immediately forward to the director all information relevant to any fraud or deception, including, but not limited to, a statement of the examiner's grounds for belief that the person committed or attempted to commit fraud or deception in the written, skills, or vision examination.

3. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

4. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.137 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement.

5. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a military motorcycle rider training course that meets or exceeds the Motorcycle Safety Foundation curriculum standards by an applicant who is an active member of the U.S. armed forces, shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The director of revenue is authorized to promulgate rules and regulations for the administration and implementation of this subsection including rules governing the presentment of motorcycle training course completion cards from a military motorcycle rider training course or other documentation showing that the applicant has successfully completed a course in basic motorcycle safety instruction that meets or exceeds curriculum standards established by the Motorcycle Safety Foundation or other national organization whose purpose is to improve the safety of motorcyclists on the nation's streets and highways. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and'; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, WEDNESDAY, MAY 2, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is my shepherd. (Psalm 23:1)

O shepherd of our souls, in days of doubt and in times of trouble, we realize anew our need for You. We need Your grace to cleanse us, Your love to strengthen us, Your power to heal us, and Your spirit to keep us free. Truly You are our shepherd, Your rod and Your staff are our sure supports. Strengthen our assurance that Your hand is upon us leading us in Your way and giving us the courage to walk in that way with You.

Bless our men and women in the Armed Forces of our country facing constant danger and death. Comfort the bereaved, sustain those who are wounded, strengthen those who face the ordeal of battle, and by Your spirit make us worthy of victory and ready to seek an enduring peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alexandra Licklider, Billy Sellers, Nita Jones, Cecilia Jones, Alexander Jones and Lauren Rogers.

(3) "Pregnancy resource center", a nonresidential facility located in this state:

(b) Where childbirths are not performed; and

(c) Which does not perform, induce, or refer for abortions and which does not hold itself out as performing, inducing, or referring for abortions; and

(d) Which provides direct client services at the facility, as opposed to merely providing counseling or referral services by telephone; and

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year for which the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

contributed to a scholarship granting organization. No taxpayer shall be issued more than eight hundred thousand dollars in tax credits authorized under this section per tax year.

4. The amount of the tax credit claimed shall not exceed fifty percent of a taxpayer's state tax liability for the taxable year for which the credit is claimed. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

5. The director shall determine, at least annually, which organizations in this state may be classified as scholarship granting organizations. The director may require of an organization seeking to be classified as a scholarship granting organization whatever information which is reasonably necessary to make such a determination. The director shall classify an organization as a scholarship granting organization if such organization meets the definition set forth in this section.

6. The director shall establish a procedure by which a taxpayer can determine if an organization has been classified as a scholarship granting organization. Scholarship granting organizations shall be permitted to decline a contribution from a taxpayer.

The director shall publicly announce the number of special needs scholarship opportunities available each year. Once a scholarship granting organization has decided to provide a student with a scholarship, it shall promptly notify the director. The director shall keep a running tally of the number of scholarships granted in the order in which they were reported. Once the tally reaches the annual limit of eligible students, the director shall notify all of the participating scholarship granting organizations that they may not issue any more scholarships and any more receipts for contributions. If the scholarship granting organizations have not expended all of their available scholarship funds in that year at the time when the limit is reached, the available scholarship funds may be carried over into the next year. These unexpended funds shall not be counted as part of the requirement in subdivision (3) of subsection 10 of this section for that year. Any receipt for a scholarship contribution issued by a scholarship granting organization before the director has publicly announced the student limit has been reached shall be valid for a taxpayer claiming a credit.

Such taxpayer, hereinafter the assignor for purposes of this section, may sell, assign, exchange, or otherwise transfer earned tax credits:

(7) Demonstrate its financial accountability by:

(a) Submitting a financial information report for the organization that complies with uniform financial accounting standards established by the department and conducted by a certified public accountant; and

The department shall require a taxpayer to provide a copy of this receipt when claiming the Missouri special needs scholarship tax credit.

16. The department shall provide a standardized format for scholarship granting organizations to report the information in this section.

17. The department may conduct either a financial review or audit of a scholarship granting organization.

The director, or his or her designee, shall issue a decision within thirty days. A scholarship granting organization may appeal the director's decision to the administrative hearing commission for a hearing in accordance with the provisions of chapter 621.

19. If the scholarship granting organization is barred from participating in the program, the department shall notify affected scholarship students and their parents of this decision within fifteen days.

20. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

21. The department shall conduct a study of the program with funds other than state funds. The department may contract with one or more qualified researchers who have previous experience evaluating similar programs. The department may accept grants to assist in funding this study.

22. The study shall assess:

(1) The level of participating students' satisfaction with the program;

No less than ten percent of moneys deposited in the early childhood development, education and care fund shall be appropriated to the department of social services to increase reimbursements to child-care facilities for low-income children that are accredited by a recognized, early childhood accrediting organization.

5. No less than ten percent of the funds deposited in the early childhood development, education and care fund shall be appropriated to the department of social services to provide assistance to eligible parents whose family income does not exceed one hundred eighty-five percent of the federal poverty level who wish to care for their children under three years of age in the home, to enable such parent to take advantage of early childhood development, education and care programs for such parent's child or children. At a minimum, the certificate shall be of a value per child which is commensurate with the per-child payment under paragraph (b) of subdivision (1) of subsection 2 of this section pertaining to the grants or contracts. The department of social services shall provide assistance to these parents in the effective use of early childhood development, education and care tools and methods.

6. In setting the value of parental certificates under subsection 3 of this section and payments under subsection 5 of this section, the department of social services may increase the value based on the following:

(1) The adult caretaker of the children successfully participates in the parents as teachers program under the provisions of sections 178.691 to 178.699, a training program provided by the department on early childhood development, education and care, the home-based Head Start program as defined in 42 U.S.C. Section 9832 or a similar program approved by the department;

(2) The adult caretaker consents to and clears a child abuse or neglect screening under subdivision (1) of subsection 2 of section 210.152; and

(3) The degree of economic need of the family.

7. The department of elementary and secondary education and the department of social services each shall by rule promulgated under chapter 536 establish guidelines for the implementation of the early childhood development, education and care programs as provided in subsections 2 to 6 of this section.

8. The state auditor shall conduct an audit of all moneys in the early childhood development, education and care fund created in subsection 1 of this section every year beginning January 1, 2011, and ending on December 31, 2013. The findings of each audit shall be distributed to the general assembly no later than ten business days after the completion of such audit.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

313.835. All revenue received by the commission from license fees, penalties, administrative fees, reimbursement by any excursion gambling boat operators for services provided by the commission and admission fees authorized pursuant to the provisions of sections 313.800 to 313.850, except that portion of the admission fee, not to exceed one cent, that may be appropriated to the compulsive gamblers fund as provided in section 313.820, shall be deposited in the state treasury to the credit of the "Gaming Commission Fund" which is hereby created for the sole purpose of funding the administrative costs of the commission, subject to appropriation. Moneys deposited into this fund shall not be considered proceeds of gambling operations. Further amend said bill, Page 2, Section 78.090, Line 23, by inserting immediately after said line the following:

"115.123. 1. All public elections shall be held on Tuesday. Except as provided in subsections 2**[**,**]** **and** 3**[**, and 4**]** of this section, and section 247.180, all public elections shall be held on the general election day, the primary election day, the general municipal election day, the first Tuesday after the first Monday in **[**February or**]** November, or on another day expressly provided by city or county charter, **[**the first Tuesday after the first Monday in June**]** and in nonprimary years on the first Tuesday after the first Monday in August. **Bond elections may be held on the first Tuesday after the first Monday in February but no other issue shall be included on the ballot for such election.**

2. Notwithstanding the provisions of subsection 1 of this section, an election for a presidential primary held pursuant to sections 115.755 to 115.785 shall be held on the first Tuesday after the first Monday in **[**March**]** **February** of each presidential election year.

3. The following elections shall be exempt from the provisions of subsection 1 of this section:

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND House Bill No. 1250, Page 1, Section Title, Line 2, by striking the word "primary"; and

Further amend said bill and page, Section A, Line 2, by inserting immediately after all of said line the following:

"77.080. The style of the ordinances of the city shall be: "Be it ordained by the council of the city of ....., as follows:"**. Except as provided in section 77.085,** no ordinance shall be passed except by bill, and no bill shall become an ordinance unless on its final passage a majority of the members elected to the council shall vote therefor, and the ayes and nays shall be entered on the journal. Every **[**proposed ordinance**]** **bill** shall be introduced to the council in writing and shall be read by title or in full two times prior to passage, both readings may occur at a single meeting of the council.

If the **[**proposed ordinance**]** **bill** is read by title only, copies of the **[**proposed ordinance**]** **bill** shall be made available for public inspection prior to the time the bill is under consideration by the council. No bill shall become an ordinance until it shall have been signed by the officer presiding at the meeting of the council at which it shall have been passed. When so signed, it shall be delivered to the mayor for his approval and signature, or his veto.

77.085. 1. In any city of the third classification with more than fifteen thousand but fewer than seventeen thousand inhabitants and located in any county of the second classification with more than sixty-five thousand but fewer than seventy-five thousand inhabitants, voters in the city may propose an ordinance to prohibit smoking, as the term "smoking" is defined in subdivision (6) of section 191.765, in certain areas and establishments within such city by submitting a petition signed by at least the same number of voters that equals twenty-five percent of the votes cast for all candidates for mayor at the last preceding election. The petition shall contain, in addition to the requisite number of valid signatures, the full text of the ordinance sought to be passed and a request that the ordinance be submitted to a vote of the people if not passed by the council.

2. The signatures to the petition need not all be appended to one paper, but each signer shall provide with such person's signature the street and number of his or her place of residence. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

3. Within ten days from the date of filing such petition, the city clerk shall examine and ascertain whether the petition contains signatures by the requisite number of voters. The council shall allow the clerk extra help for that purpose. The clerk shall attach a certificate of examination to the petition. If, by the clerk's certificate, the petition is shown to be insufficient, the petition may be amended within ten days from the date the clerk issued the certificate. The clerk shall, within ten days after such amendment is filed, examine the amended petition and issue another certificate. If the second certificate shows the petition to be insufficient, the petition shall be returned to the person filing it, without prejudice to the filing of a new petition to the same effect. If the petition is deemed to be sufficient, the clerk shall submit it to the city council without delay.

4. Upon receipt of the petition and certificate from the clerk, the city council shall either:

(1) Pass said ordinance without alteration within twenty days; or

(2) Submit the question without alteration at the next municipal election.

5. The question shall be submitted in substantially the following form:

Shall the following ordinance be (adopted) (repealed)? (Set out ordinance).

☐ YES ☐ NO

6. If a majority of the voters voting on the proposed ordinance vote in favor, such ordinance shall become a valid and binding ordinance of the city. Any ordinance regulating smoking that is proposed by petition and adopted by a vote of the people cannot be repealed or amended except by a vote of the people. The council may submit a proposition for the repeal or amendment of any such ordinance to be voted upon at any municipal election. If the proposition so submitted receives a majority of the votes cast thereon, such ordinance shall be repealed or amended accordingly."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

141.410. 1. Such petition without further allegation shall be deemed to be sufficient.

2. The caption shall be in the following form:

In the Circuit Court of . . . . . County, Missouri,

In the Matter of

Foreclosure of Liens for Delinquent Land Taxes

By Action in Rem.

Collector of Revenue of . . . . County, Missouri, Plaintiff

-vs.-

Parcels of Land Encumbered with Delinquent Tax Liens
Defendants.

3. The petition shall conclude with a prayer that all tax liens upon such real estate be foreclosed; that the court determine the amounts and priorities of all tax bills, together with interest, penalties, costs, and attorney's fees; that the court order such real estate to be sold by the sheriff at public sale as provided by sections 141.210 to 141.810 **and sections 141.980 to 141.1015** and that thereafter a report of such sale be made by the sheriff to the court for further proceedings under sections 141.210 to 141.810 **and sections 141.980 to 141.1015**.

4. The delinquent land tax attorney within ten days after the filing of any such petition, shall forward by United States registered mail to each person or taxing authority having filed a list of delinquent tax bills with the collector as provided by sections 141.210 to 141.810 **and sections 141.980 to 141.1015** a notice of the time and place of the filing of such petition and of the newspaper in which the notice of publication has been or will be published.

5. The petition when so filed shall have the same force and effect with respect to each parcel of real estate therein described, as a separate suit instituted to foreclose the tax lien or liens against any one of said parcels of real estate.

141.480. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill, whether general or special, issued by any taxing authority shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Absent any answer the court shall take the allegations of the petition as confessed. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. Prior to formal hearing, the court may conduct an informal hearing for the purpose of clarifying issues, and shall attempt to reach an agreement with the parties upon a stipulated statement of facts. The court shall hear the evidence offered by the collector or relator as the case may be, and by all answering parties, and shall determine the amount of each and every tax bill proved by the collector or any answering party, together with the amount of interest, penalties, attorney's fees and costs accruing upon each tax bill and the date from which interest began to accrue upon each tax bill and the rate thereof. The court shall hear evidence and determine every issue of law and of fact necessary to a complete adjudication of all tax liens asserted by any and every pleading, and may also hear evidence and determine any other issue of law or fact affecting any other right, title, or interest in or to, or lien upon, such real estate, sought to be enforced by any party to the proceeding against any other party to the proceeding who has been served by process or publication as authorized by law, or who has voluntarily appeared, and shall determine the order and priority of the liens and of any other rights or interest put in issue by the pleadings.

3. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the foreclosure sale. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's foreclosure sale as provided in sections 141.210 to 141.810 **and sections 141.980 to 141.1015**. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum sufficient to fully pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however, that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title, or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff.

4. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title, or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

141.530. 1. Except as otherwise provided in section 141.520, during such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by this chapter. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, the collector may, at the option of the party entitled to redeem, enter into a written redemption contract with any such party interested in any parcel of real estate, providing for payment in installments, monthly or bimonthly, of the delinquent tax bills, including interest, penalties, attorney's fees and costs charged against such parcel of real estate, provided, however, that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with an assessed valuation of not more than three thousand five hundred dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made.

2. So long as such installments be paid according to the terms of the contract, the said six months waiting period shall be extended, but if any installment be not paid when due, the extension of said waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.

[3. No redemption contracts may be used under this section for residential property which has been vacant for at least six months in any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand.**]**

2. So long as such installments are paid according to the terms of the contract, the six-month waiting period shall be extended, but if any installment is not paid when due, the extension of such waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.**]**

3. Such advertisement shall be published four times, once a week, upon the same day of each week during successive weeks prior to the date of such sale, in a daily newspaper of general circulation regularly published in the county, qualified according to law for the publication of public notices and advertisements.

4. In addition to the provisions herein for notice and advertisement of sale, the county collector shall enter upon the property subject to foreclosure of these tax liens and post a written informational notice in any conspicuous location thereon. This notice shall describe the property and advise that it is the subject of delinquent land tax collection proceedings before the circuit court brought pursuant to sections 141.210 to 141.810 and that it may be sold for the payment of delinquent taxes at a sale to be held at ten o'clock a.m., date and place, and shall also contain a file number and the address and phone number of the collector. If the collector chooses to post such notices as authorized by this subsection, such posting must be made not later than the fourteenth day prior to the date of the sale.

5. The collector shall, concurrently with the beginning of the publication of sale, cause to be prepared and sent by restricted, registered or certified mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the persons named in the petition as being the last known persons in whose names tax bills affecting the respective parcels of real estate described in said petition were last billed or charged on the books of the collector, or the last known owner of record, if different, and to the addresses of said persons upon said records of the collector. The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail. If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive and receipt for the notice as shown by the return receipt, then the collector shall make a search of the records maintained by the county, including those kept by the recorder of deeds, to discern the name and address of any person who, from such records, appears as a successor to the person to whom the original notice was addressed, and to cause another notice to be mailed to such person. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected of any such notices of sale that are undeliverable because of an addressee's refusal to receive and receipt for the same, or of any notice otherwise nondeliverable by mail, or in the event that any name or address does not appear on the records of the collector, then of that fact. The affidavit in addition to the recitals set forth above shall also state reason for the nondelivery of such notice.

6. The collector may, at his or her option, concurrently with the beginning of the publication of sale, cause to be prepared and sent by restricted, registered or certified mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the mortgagee or security holder, if known, of the respective parcels of real estate described in said petition, and to the addressee of such mortgagee or security holder according to the records of the collector. The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail. If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive and receipt for the notice as shown by the return receipt, then the collector shall make a search of the records maintained by the county, including those kept by the recorder of deeds, to discern the name and address of any security holder who, from such records, appears as a successor to the security holder to whom the original notice was addressed, and to cause another notice to be mailed to such security holder. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected by any such notices of sale that are undeliverable because of an addressee's refusal to receive and receipt for the same, or of any notice otherwise nondeliverable by mail, and stating the reason for the nondelivery of such notice.

141.550. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 141.210 to 141.810, and provided that such sale need not occur during the term of court or while the court is in session.

2. The following provisions shall apply to any sale pursuant to this section of property located within any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand:

(1) The sale shall be held on the day for which it is advertised, between the hours of nine o'clock a.m. and five o'clock p.m. and continued day to day thereafter to satisfy the judgment as to each respective parcel of real estate sold;

(2) The sale shall be conducted publicly, by auction, for ready money. The highest bidder shall be the purchaser unless the highest bid is less than the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. No person shall be eligible to bid at the time of the sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the official charged by law with conducting the sale that he or she is not the owner of any parcel of real estate in the county which is affected by a tax bill which has been delinquent for more than six months and is not the owner of any parcel of real property with two or more violations of the municipality's building or housing codes. A prospective bidder may make such a demonstration by presenting statements from the appropriate collection and code enforcement officials of the municipality. **Notwithstanding this provision, any taxing authority or land bank agency shall be eligible to bid at any sale conducted under this section without making such a demonstration.**

3. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject to the lien thereon, if any, of the United States of America.

4. The collector shall advance the sums necessary to pay for the publication of all advertisements required by sections 141.210 to 141.810 and shall be allowed credit therefor in his or her accounts with the county. The collector shall give credit in such accounts for all such advances recovered by him or her. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.

141.560. 1. If, when the sheriff offers the respective parcels of real estate for sale, there be no bidders for any parcel, or there be insufficient time or opportunity to sell all of the parcels of real estate so advertised, the sheriff shall adjourn such sale from day to day at the same place and commencing at the same hour as when first offered and shall announce that such real estate will be offered or reoffered for sale at such time and place.

2. **With respect to any parcel of real estate not located wholly within a municipality that is an appointing authority under section 141.981,** in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon shall be received at such sale after any parcel of real estate has been offered for sale on three different days, which need not be successive, the land trustees shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due, and if no other bid be then received by the sheriff in excess of the bid of the trustees, and the sheriff shall so announce at the

sale, then the bid of the trustees shall be announced as accepted. The sheriff shall report any such bid or bids so made by the land trustees in the same way as his report of other bids is made. **The land trust shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trust. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.**

3. **[**The land trustees shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trustees, as herein provided. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.**] With respect to any parcel of real estate located wholly within a municipality that is an appointing authority under section 141.981, in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon shall be received at such sale after such parcel of real estate has been offered for sale on three different days, which need not be successive, the land bank agency for which said municipality is an appointing authority shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due, and the sheriff shall so announce at the sale, then the bid of the land bank agency shall be announced as accepted. The sheriff shall report any such bid or bids so made by such land bank agency in the same way as his report of other bids is made. Upon confirmation by the court of such bid at such sale by such land bank agency, the collector shall mark the tax bills so bid by such land bank agency as "canceled by sale to the land bank" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.**

141.570. 1. The title to any real estate which shall vest in the land trust under the provisions of sections 141.210 to 141.810 **and sections 141.980 to 141.1015** shall be held by the land trust of such county in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure. **The title to any real estate acquired by a land bank agency pursuant to a deemed sale under subsection 3 of section 141.560, by deed from a land trust under subsection 1 of section 141.984, or pursuant to a sale under subdivision (2) of subsection 2 of section 141.550 shall be held in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.**

2. The title to any real estate which shall vest in any purchaser, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any lien thereon of the United States of America, if any, and all persons, including the state of Missouri, infants, incapacitated and disabled persons as defined in chapter 475, and nonresidents who may have had any right, title, interest, claim, or equity of redemption in or to, or lien upon, such lands, shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, and the court shall order immediate possession of such real estate be given to such purchaser; provided, however, that such title shall also be subject to the liens of any tax bills which may have attached to such parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to sheriff's sale and not included in any answer to such petition, but if such parcel of real estate is **deemed** sold to the land trust **pursuant to subsection 2 of section 141.560, or deemed sold to a land bank agency pursuant to subsection 3 of section 141.560, or sold to a land bank agency pursuant to subdivision (2) of subsection 2 of section 141.550**, the title thereto shall be free of any such liens to the extent of the interest of any taxing authority in such real estate; provided further, that such title shall not be subject to the lien of special tax bills which have attached to the parcel of real estate prior to November 22, 1943, but the lien of such special tax bills shall attach to the proceeds of the sheriff's sale or to the proceeds of the ultimate sale of such parcel by the land trust **or land bank agency**.

141.580. 1. After the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm the foreclosure sale thereof, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall forthwith determine whether an adequate consideration has been paid for each such parcel.

2. For this purpose the court shall have power to summon any city or county official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, **[**he**]** **the court** shall confirm the sale and order the sheriff to issue a deed to the purchaser. If the court finds that the consideration paid is inadequate, **the court shall confirm the sale if** the purchaser **[**may increase**] increases** his bid to such amount as the court **[**may deem**] deems** to be adequate**[**, whereupon the court may confirm the sale. If, however,**] and makes such additional payment, or if all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon are not paid in full by one or more interested parties to the suit. If the court finds that the consideration is inadequate, but** the purchaser declines to increase his bid **to such amount as the court deems adequate** and make such additional payment, then the sale shall be disapproved **if all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon are paid in full by one or more interested parties to the suit**, the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale. Unless the court requires evidence of the value of the property conveyed to land trust **or a land bank agency**, none shall be required, and the amount bid by the land trustees **or such land bank agency** shall be deemed adequate consideration.

3. **Except as otherwise provided in subsection 6 of section 141.984,** if the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

(1) To the payment of the costs of the publication of the notice of foreclosure and of the sheriff's foreclosure sale;

(2) To the payment of all costs including appraiser's fee **[**not to exceed fifteen dollars**]** and attorney's fees;

(3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon.

If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 141.480. If any answering parties have specially appealed as provided in section 141.570, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as herein set out and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall **[**escheat to the state as provided by law**] be distributed to the appropriate taxing authorities**.

141.720. 1. The land trust shall be composed of three members, one of whom shall be appointed by the county**, as directed by the county** executive, or if the county does not have a county executive, **as directed by** the county commission of the county, one of whom shall be appointed by **[**the city council of that city**] the municipality** in the county which **is not an appointing authority under section 141.981 and** then has the largest population according to the last preceding federal decennial census, and one of whom shall be appointed by **[**the board of directors of**]** the school district **in the county** which **is not an appointing authority under section 141.981 and** then has the largest population according to such census in the county. **If any appointing authority under this section fails to make any appointment of a land trustee after any term expires, then the appointment shall be made by the county.**

2. The terms of office of the land trustees shall be for four years each, except the terms of the first land trustees who shall be appointed by the foregoing appointing authorities, respectively, not sooner than twelve months and not later than eighteen months after sections 141.210 to 141.810 take effect**; provided, however, that the term of any land trustee appointed by a municipality or school district that becomes an appointing authority of a land bank agency under section 141.981 shall terminate and such municipality and such school district shall cease to be appointing authorities for such land trust under this section upon the completion of all transfers to the land bank agency from the land trust required under subsection 1 of section 141.984 or one year after the effective date of the ordinance or resolution establishing the land bank agency, whichever is the first to occur**.

3. Each land trustee shall have been a resident of the county for at least five years next prior to appointment, shall not hold other salaried or compensated public office by election or appointment during service as land trustee, the duties of which would in any way conflict with his duties as land trustee, and shall have had at least ten years experience in the management or sale of real estate.

4. Of the first land trustees appointed under sections 141.210 to 141.810, the land trustee appointed by the county commission shall serve for a term ending February 1, 1946, the land trustee appointed by the board of directors of the school district then having the largest population in the county shall serve for a term expiring February 1, 1947,

and the land trustee appointed by the city council of the city then having the largest population in the county shall serve for a term expiring February 1, 1948. Each land trustee shall serve until his successor has been appointed and qualified.

5. Any vacancy in the office of land trustee shall be filled for the unexpired term by the same appointing authority which made the original appointment. If any appointing authority fails to make any appointment of a land trustee within the time the first appointments are required by sections 141.210 to 141.810 to be made, or within thirty days after any term expires or vacancy occurs, then the appointment shall be made by the **[**mayor of that city in the**]** county **[**then having the largest population, according to the last preceding federal decennial census**]**.

6. The members shall receive for their services as land trustees a salary of two thousand four hundred dollars per year.

7. Each land trustee may be removed for cause by the respective appointing authority, after public hearing, if requested by the land trustee, and an opportunity to be represented by counsel and to present evidence is afforded the trustee.

141.770. 1. Each annual budget of the land trust shall be itemized as to objects and purposes of expenditure, prepared not later than **[**December tenth**]** **October first** of each year with copies delivered to the **[**county and city that appointed trustee members**]** **appointing authorities of such land trust under section 141.720**, and shall include therein only such appropriations as shall be deemed necessary to meet the reasonable expenses of the land trust during the forthcoming fiscal year. That budget shall not become the required annual budget of the land trust unless and until it has been approved by the governing bodies of the **[**county or city that appointed trustee members**]** **appointing authorities of such land trust under section 141.720**. If **[**either**]** **any** of the governing bodies of the **[**county and city that appointed trustee members**]** **appointing authorities of such land trust under section 141.720** fail to notify the land trust in writing of any objections to the proposed annual budget on or before **[**December**]** **November** twentieth, then such failure or failures to object shall be deemed approval. In the event objections have been made and a budget for the fiscal year beginning January first has not been approved by the governing bodies of the **[**county and city**]** **appointing authorities of such land trust under section 141.720** on or before January first, then the budget for the previous fiscal year shall become the approved budget for that fiscal year. Any unexpended funds from the preceding fiscal year shall be deducted from the amounts needed to meet the budget requirements of the forthcoming year.

2. Copies of the budget shall be made available to the public on or before **[**December**]** **October** tenth, and a public hearing shall be had thereon prior to **[**December**]** **October** twentieth, in each year. The approved and adopted budget may be amended by the trustee members only with the approval of the governing bodies of the **[**county and city that appointed trustee members**]** **appointing authorities of such land trust under section 141.720**.

3. If at any time there are not sufficient funds available to pay the salaries and other expenses of such land trust and of its employees, incident to the administration of sections 141.210 to 141.810, including any expenditures authorized by section 141.760, funds sufficient to pay such expenses shall be advanced and paid to the land trust upon its requisition therefor, **[**fifty**]** **seven** percent thereof by the county commission of **[**such**]** **the** county **in which such land trust operates**, and the other **[**fifty**]** **ninety-three** percent by all of the **[**municipalities in such county as defined in section 141.220**]** **taxing authorities in such county that are not appointing authorities for a land bank agency under section 141.981 and all municipalities and school districts in such county that are appointing authorities for a land bank agency under section 141.981 and are appointing authorities for such land trust under section 141.720**, in proportion to **[**their**]** **the product of their respective tax levy rates and the** assessed valuations **[**at the time of their last completed assessment for state and county purposes**]** **of the properties then in the land trust inventory located within their respective taxing jurisdictions**. The land trust shall have power to requisition such funds in an amount not to exceed twenty-five percent of the total annual budget of the land trust from such sources for that fiscal year of the land trust for which there are not sufficient funds otherwise available to pay the salaries and other expenses of the land trust, but any amount in excess of twenty-five percent of the total annual budget in any fiscal year may be requisitioned by and paid to the land trust only if such additional sums are agreed to and approved by the county **[**commission and the respective municipalities in such county so desiring to make such payment**]** **and such other taxing authorities**. All moneys so requisitioned shall be paid in a lump sum within thirty days after such requisition or the commencement of the fiscal year of the land trust for which such requisition is made, whichever is later, **by the county paying seven percent thereof due from the county under this section** and **advancing the remaining ninety-three percent due from other taxing authorities under this section on behalf of such other taxing authorities, and such amounts so paid** shall be deposited to the credit of the land trust in some bank or trust company, subject to withdrawal by warrant as herein provided. **Amounts advanced by the county on behalf of any taxing authority under this section shall be reimbursed to the county upon demand by the county or by the county withholding such amounts from distributions of tax moneys to such taxing authority.**

4. The fiscal year of the land trust shall commence on January first of each year. Such land trust shall audit all claims for the expenditure of money, and shall, acting by the chairman or vice chairman thereof, draw warrants therefor from time to time.

5. No warrant for the payment of any claim shall be drawn by such land trust until such claim shall have been approved by the land commissioner and shall bear the commissioner's certificate that there is a sufficient unencumbered balance in the proper appropriation and sufficient unexpended cash available for the payment thereof. For any certification contrary thereto, such land commissioner shall be liable personally and on the commissioner's official bond for the amounts so certified, and shall thereupon be promptly removed from office by the land trustees.

6. In addition to the annual audit provided for in section 141.760, the land trust may be performance audited at any time by the state auditor or by the auditor of any home rule city with more than four hundred thousand inhabitants and located in more than one county that is a member of the land trust. The cost of such audit shall be paid by the land trust, and copies shall be made available to the public within thirty days of the completion of the audit.

141.785. 1. The land trust shall be authorized to file an action to quiet title pursuant to section 527.150 as to any real property in which the land trust has an interest. For purposes of any and all such actions the land trust shall be deemed to be the holder of sufficient legal and equitable interests, and possessory rights, so as to qualify the land trust as adequate petitioner in such action.

2. Prior to the filing of an action to quiet title the land trust shall conduct an examination of title to determine the identity of any and all persons and entities possessing a claim or interest in or to the real property. Service of the petition to quiet title shall be provided to all such interested parties by the following methods:

(1) Registered or certified mail to such identity and address as reasonably ascertainable by an inspection of public records;

(4) By publication in a newspaper of general circulation in the municipality in which the property is located; and

(5) Such other methods as the court may order.

3. As part of the petition to quiet title the land trust shall file an affidavit identifying all parties potentially having an interest in the real property, and the form of notice provided.

4. The court shall schedule a hearing on the petition within ninety days following filing of the petition, and as to all matters upon which an answer was not filed by an interested party, the court shall issue its final judgment within one hundred twenty days of the filing of the petition.

5. The land trust shall be authorized to join in a single petition to quiet title one or more parcels of real property.

141.790. When any parcel of real estate is sold or otherwise disposed of by the land trust, the proceeds therefrom shall be applied and distributed in the following order:

[(3)**] (4)** Any funds in excess of those necessary to meet the expenses of the annual budget of the land trust in any fiscal year, and including a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, **[**may**] shall** be paid to the respective taxing authorities which, at the time of the distribution, are taxing the real property from which the proceeds are being distributed. The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities; distribution shall be made on January first and July first of each year, and at such other times as the land trustees in their discretion may determine.

141.980. 1. Any municipality located wholly or partially within a county in which a land trust created under section 141.700 was operating on January 1, 2012, may establish a land bank agency for the management, sale, transfer, and other disposition of interests in real estate owned by such land bank agency. Any such land bank agency created shall be created to foster the public purpose of returning land, including land that is in a nonrevenue-generating, nontax-producing status, to effective use in order to provide housing, new industry, and

jobs for citizens of the establishing municipality, and to create new revenues for such municipality. Such land bank agency shall be established by ordinance or resolution as applicable. Such land bank agency shall not own any interest in real estate that is located wholly or partially outside such establishing municipality.

2. The beneficiaries of the land bank agency shall be the taxing authorities that held or owned tax bills against the respective parcels of real estate acquired by such land bank agency pursuant to a deemed sale under subsection 3 of section 141.560, by deed from a land trust under subsection 1 of section 141.984, or pursuant to a sale under subdivision (2) of subsection 2 of section 141.550 included in the judgment of the court, and their respective interests in each parcel of real estate shall be to the extent and in the proportion and according to the priorities determined by the court on the basis that the principal amount of their respective tax bills bore to the total principal amount of all of the tax bills described in the judgment.

3. Each land bank agency created pursuant to this chapter shall be a public body corporate and politic, and shall have permanent and perpetual duration until terminated and dissolved in accordance with the provisions of section 141.1012.

141.981. 1. A land bank agency shall be composed of a board of commissioners which shall consist of five members, one of whom shall be appointed by the county, as directed by the county executive, or if the county does not have a county executive, as directed by the county commission of the county, one of whom shall be appointed by the school district that is wholly or partially located within such municipality and county and then has the largest population according to the last preceding federal decennial census, and the remainder shall be appointed by the municipality that established the land bank agency. The term of office of the members shall be for four years each. Members shall serve at the pleasure of the member's appointing authority, may be employees of the appointing authority, and shall serve without compensation. Any vacancy in the office of land bank commissioner shall be filled by the same appointing authority that made the original appointment. Members of the first board of a land bank agency shall be appointed within sixty days after the effective date of the ordinance or resolution passed establishing such land bank agency. If any appointing authority fails to make any appointment of a land bank commissioner within the time the first appointments are required, or within sixty days after any term expires, then the appointment shall be made by the municipality that established the land bank agency. Except as otherwise provided in subsection 2 of section 141.720, any municipality or school district that is an appointing authority under this section shall not be an appointing authority under section 141.720.

2. Notwithstanding any law to the contrary, any public officer shall be eligible to serve as a board member and the acceptance of the appointment shall neither terminate nor impair such public office. For purposes of this section, "public officer" shall mean a person who is elected to a political subdivision office. Any political subdivision employee shall be eligible to serve as a board member.

3. The members of the board shall select annually from among themselves a chair, a vice-chair, a treasurer, and such other officers as the board may determine, and shall establish their duties as may be regulated by rules adopted by the board.

4. The board shall have the power to organize and reorganize the executive, administrative, clerical, and other departments of the land bank agency and to fix the duties, powers, and compensation of all employees, agents, and consultants of the land bank agency. The board may cause the land bank agency to reimburse any member for expenses actually incurred in the performance of duties on behalf of the land bank agency.

5. The board shall meet in regular session according to a schedule adopted by the board, and shall meet in special session as convened by the chairman or upon written notice signed by a majority of the members. The presence of a majority of the board's total membership shall constitute a quorum to conduct business.

6. All actions of the board shall be approved by the affirmative vote of a majority of the members of the board present and voting; provided, however, that no action of the board shall be authorized on the following matters unless approved by a roll call vote of a majority of the entire board membership:

(1) Adoption of bylaws and other rules and regulations for conduct of the land bank agency's business;

(2) Hiring or firing of any employee or contractor of the land bank agency. This function may, by majority vote, be delegated by the board to a specified officer or committee of the land bank agency, under such terms and conditions, and to the extent, that the board may specify;

(6) Lease, encumbrance, or alienation of real property, improvements, or personal property with a value of more than fifty thousand dollars.

7. The board members shall each furnish a surety bond, if such bond is not already covered by governmental surety bond, in a penal sum not to exceed twenty-five thousand dollars to be approved by the comptroller or director of finance of the municipality that established the land bank agency, issued by a surety company licensed to do business in this state, which bond shall be deposited with the county clerk of such county, and shall guarantee the faithful performance of such member's duties under sections 141.980 to 141.1015, and shall be written to cover all the commissioners.

(5) To issue notes and other obligations according to the provisions of this chapter;

(6) To procure insurance or guarantees from political subdivisions, the state, the federal government, or any other public or private sources, of the payment of any bond, note, loan, or other obligation, or portion thereof, incurred by the land bank agency, and to pay any fees or premiums in connection therewith;

(14) To fix, charge, and collect rents, fees, and charges for the use of the property of the land bank agency and for services provided by the land bank agency;

(15) Subject to the limitation set forth in subsection 1 of section 141.980, to acquire property, whether by purchase, exchange, gift, lease, or otherwise, to grant or acquire licenses and easements, and to sell, lease, grant an option with respect to, or otherwise dispose of, any property of the land bank agency;

(16) Subject to the limitation set forth in subsection 1 of section 141.980, to enter into partnership, joint ventures, and other collaborative relationships with political subdivisions and other public and private entities for the ownership, management, development, and disposition of real property; and

(17) Subject to the other provisions of this chapter and all other applicable laws, to do all other things necessary or convenient to achieve the objectives and purposes of the land bank agency or other laws that relate to the purposes and responsibility of the land bank agency.

141.984. 1. Within one year of the effective date of the ordinance or resolution passed establishing a land bank agency under this chapter, title to any real property held by a land trust created pursuant to section 141.700 that is located wholly within the municipality that created the land bank agency shall be transferred by deed to such land bank agency.

2. The income of a land bank agency shall be exempt from all taxation by the state and by any of its political subdivisions. Upon acquiring title to any real estate, a land bank agency shall immediately notify the county assessor and the collector of such ownership, and such real estate shall be exempt from all taxation during the land bank agency's ownership thereof, in the same manner and to the same extent as any other publicly owned real estate, and upon the sale or other disposition of any real estate held by it, such land bank agency shall immediately notify the county assessor and the collector of such change of ownership; provided however, that such tax exemption for improved and occupied real property held by such land bank agency as lessor pursuant to a ground lease shall terminate upon the first such occupancy, and such land bank agency shall immediately notify the county assessor and the collector of such occupancy.

3. Subject to the limitation set forth in subsection 1 of section 141.980, a land bank agency may acquire real property or interests in property by gift, devise, transfer, exchange, foreclosure, lease, purchase, or otherwise on terms and conditions and in a manner the land bank agency considers proper.

4. Subject to the limitation set forth in subsection 1 of section 141.980, a land bank agency may acquire property by purchase contracts, lease purchase agreements, installment sales contracts, and land contacts, and may accept transfers from political subdivisions upon such terms and conditions as agreed to by the land bank agency and the political subdivision. Subject to the limitation set forth in subsection 1 of section 141.980, a land bank agency may bid on any parcel of real estate offered for sale at a sheriff's foreclosure sale held in accordance with section 141.550 provided that if the bid is not a deemed bid under subsection 3 of section 141.560, such parcel must be located within a low to moderate income area designated as a target area for revitalization by the municipality that created the land bank agency. Notwithstanding any other law to the contrary, but subject to the limitation set forth in subsection 1 of section 141.980, any political subdivision may transfer to the land bank agency real property and interests in real property of the political subdivision on such terms and conditions and according to such procedures as determined by the political subdivision.

5. A land bank agency shall maintain all of its real property in accordance with the laws and ordinances of the jurisdictions in which the real property is located.

6. Upon confirmation under section 141.580 of a sheriff's foreclosure sale of a parcel of real estate to a land bank agency under subdivision (2) of subsection 2 of section 141.550, said land bank agency shall pay the amount of the land bank agency's bid that exceeds the amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. Such excess shall be applied and distributed in accordance with subsections 3 and 4 of section 141.580, exclusive of subdivision (3) of subsection 3 thereof. Upon such confirmation by the court, the collector shall mark the tax bills included in the judgment as "canceled by sale to the land bank" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.

141.985. 1. A land bank agency shall hold in its own name all real property acquired by such land bank agency irrespective of the identity of the transferor of such property.

2. A land bank agency shall maintain and make available for public review and inspection an inventory of all real property held by the land bank agency.

3. The land bank agency shall determine and set forth in policies and procedures of the board the general terms and conditions for consideration to be received by the land bank agency for the transfer of real property and interests in real property, which consideration may take the form of monetary payments and secured financial obligations, covenants, and conditions related to the present and future use of the property, contractual commitments of the transferee, and such other forms of consideration as determined by the board to be in the best interest of the land bank agency.

4. Subject to the limitation set forth in subsection 1 of section 141.980, a land bank agency may convey, exchange, sell, transfer, lease, grant, release and demise, pledge and hypothecate any and all interests in, upon or to property of the land bank agency.

5. A municipality may, in its resolution or ordinance creating a land bank agency establish a hierarchical ranking of priorities for the use of real property conveyed by such land bank agency, subject to subsection 7 of this section, including but not limited to:

(1) Use for purely public spaces and places;

(2) Use for affordable housing;

(3) Use for retail, commercial and industrial activities;

(4) Use as wildlife conservation areas; and

(5) Such other uses and in such hierarchical order as determined by such municipality.

6. A municipality may, in its resolution or ordinance creating a land bank agency, require that any particular form of disposition of real property, or any disposition of real property located within specified geographical areas, be subject to specified voting and approval requirements of the board that are not inconsistent with section 141.981 or section 141.983. Except and unless restricted or constrained in this manner, the board may delegate to officers and employees the authority to enter into and execute agreements, instruments of conveyance and all others related documents pertaining to the conveyance of property by the land bank agency.

7. A land bank agency shall act expeditiously to return the real property acquired by it to the tax rolls and shall market and sell such real property using an open, public method that ensures the best possible price is realized while ensuring such real property is returned to a suitable, productive use for the betterment of the neighborhoods in which such real property is located.

8. When any parcel of real estate acquired by a land bank agency pursuant to a deemed sale under subsection 3 of section 141.560, by deed from a land trust under subsection 1 of section 141.984, or pursuant to a sale under subdivision (2) of subsection 2 of section 141.550 is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

(1) To the payment of the expenses of sale;

(2) To fulfill the requirements of the resolution, indenture or other financing documents adopted or entered into in connection with bonds, notes or other obligations of the land bank agency, to the extent that such requirements may apply with respect to such parcel of real estate;

(3) The balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees as provided for in its annual budget;

(4) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, exclusive of net profit from the sale of ancillary parcels, shall be paid to the respective taxing authorities that, at the time of the distribution, are taxing

the real property from which the proceeds are being distributed. The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities. Distribution shall be made on January first and July first of each year, and at such other times as the board may determine.

9. When any ancillary parcel is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

(1) To the payment of all land taxes and related charges then due on such parcel;

(2) To the payment of the expenses of sale;

(3) To fulfill the requirements of the resolution, indenture or other financing documents adopted or entered into in connection with bonds, notes or other obligations of the land bank agency, to the extent that such requirements may apply with respect to such parcel of real estate;

(4) The balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees as provided for in its annual budget;

(5) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, may be paid in accordance with subdivision (3) of subsection 8 of this section.

141.988. 1. A land bank agency may receive funding through grants and loans from political subdivisions, from the state, from the federal government, and from other public and private sources.

2. Except as otherwise provided in subsections 8 and 9 of section 141.985, a land bank agency may receive and retain payments for services rendered, for rents and leasehold payments received, for consideration for disposition of real and personal property, for proceeds of insurance coverage for losses incurred, for income from investments, and for any other asset and activity lawfully permitted to a land bank agency under this chapter.

3. If a land bank agency sells or otherwise disposes of a parcel of real estate held by it, any land taxes assessed against such parcel for the three tax years following such sale or disposition by such land bank agency that are collected by the collector in a calendar year and not refunded, less the fees provided under section 52.260 and subsection 4 of this section and less the amounts to be deducted under section 137.720, shall be distributed by the collector to such land bank agency no later than March 1 of the following calendar year; provided that land taxes impounded under section 139.031 or otherwise paid under protest shall not be subject to distribution under this subsection. Any amount required to be distributed to a land bank agency under this subsection shall be subject to offset for amounts previously distributed to such land bank agency that were assessed, collected or distributed in error.

4. In addition to any other provisions of law related to collection fees, the collector shall collect on behalf of the county a fee of four percent of reserve period taxes collected and such fees collected shall be deposited in the county general fund.

In addition to the annual audit provided for in this subdivision, the land bank agency may be performance audited at any time by the state auditor or by the auditor of the municipality that established the land bank agency. The cost of such audit shall be paid by the land bank agency, and copies shall be made available to the public within thirty days of the completion of the audit.

141.994. 1. A land bank agency shall have power to issue bonds, with approval of the municipality that created the land bank agency, for any of its corporate purposes, which bonds shall be special, limited obligations of the land bank agency, the principal of and interest on which shall be payable solely from the income and revenue derived from the sale, lease, or other disposition of the assets of the land bank agency, or such portion thereof as may be designated in the resolution, indenture or other financing documents relating to the issuance of the bonds. In the discretion of the land bank agency, any of such bonds may be secured by a pledge of additional revenues, including grants, contributions or guarantees from the state, the federal government, or any agency or instrumentality thereof, or by a mortgage or other security device covering all or part of the property from which the revenues so pledged may be derived.

2. Bonds issued by a land bank agency shall not be deemed to be an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. The bonds shall not constitute a debt, liability or obligation of the state or of any political subdivision thereof, except in accordance with subsection 4 of this section, or a pledge of the full faith and credit or the taxing power of the state or of any such political subdivision, and the bonds shall contain a recital to that effect. Neither the members of the board nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

3. Bonds issued by a land bank agency shall be authorized by resolution of the board and shall be issued in such form, shall be in such denominations, shall bear interest at such rate or rates, shall mature on such dates and in such manner, shall be subject to redemption at such times and on such terms, and shall be executed by one or more members of the board, as provided in the resolution authorizing the issuance thereof or as set out in the indenture or other financing document authorized and approved by such resolution. The board may sell such bonds in such manner, either at public or at private sale, and for such price as it may determine to be in the best interests of the land bank agency.

4. Any political subdivision may elect to guarantee, insure, or otherwise become primarily or secondarily obligated with respect to the bonds issued by a land bank agency subject, however, to the provisions of Missouri law applicable to the incurrence of indebtedness by such political subdivision. No political subdivision shall have any such obligation if it does not so elect.

5. A land bank agency may from time to time, as authorized by resolution of the board, issue refunding bonds for the purpose of refunding, extending and unifying all or any part of its valid outstanding bonds. Such refunding bonds may be payable from any of the sources identified in subsections 1 and 4 of this section, and from the investment of any of the proceeds of the refunding bonds.

6. The bonds issued by a land bank agency shall be negotiable instruments pursuant to the provisions of the uniform commercial code of the state of Missouri.

7. Bonds issued pursuant to this section and all income or interest thereon shall be exempt from all state taxes, except estate and transfer taxes.

8. A land bank agency shall have the power to issue temporary notes upon the same terms and subject to all provisions and restrictions applicable to bonds under this section. Such notes issued by a land bank agency may be refunded by notes or bonds authorized under this section.

141.997. Except as otherwise provided under Missouri law, all board meetings shall be open to the public and the board shall cause minutes and a record to be kept of all its proceedings. The land bank agency shall be subject to the provisions of chapter 610, chapter 109, and any other applicable provisions of law governing public records and public meetings.

141.1000. Neither the members of the board nor any salaried employee of a land bank agency shall receive any compensation, emolument, or other profit directly or indirectly from the rental, management, acquisition, sale, demolition, repair, rehabilitation, use, operation, ownership or disposition of any lands held by such land bank agency other than the salaries, expenses, and emoluments provided for in sections 141.980 to 141.1015. Neither the members of the board nor any salaried employee of a land bank agency shall own, directly or indirectly, any legal or equitable interest in or to any lands held by such land bank agency other than the salaries, expenses, and emoluments provided for in sections 141.980 to 141.1015. A violation of this section is a felony. Any person found guilty of violating this section shall be sentenced to a term of imprisonment of not less than two nor more than five years. The board of a land bank agency may adopt supplemental rules and regulations addressing potential conflicts of interest and ethical guidelines for members of the board and land bank agency employees, provided that such rules and regulations are not inconsistent with this chapter or any other applicable law.

141.1003. Except as otherwise expressly set forth in this chapter, in the exercise of its powers and duties under this chapter and its powers relating to property held by the land bank agency, the land bank agency shall have complete control of such property as fully and completely as if it were a private property owner.

141.1006. 1. Whenever any ancillary parcel is acquired by a land bank agency and is encumbered by a lien or claim for real property taxes owed to a taxing authority, such taxing authority may elect to contribute to the land bank agency all or any portion of such taxes that are distributed to and received by such taxing authority.

2. To the extent that a land bank agency receives payments or credits of any kind attributable to liens or claims for real property taxes owed to a taxing authority, the land bank agency shall remit the full amount of the payments to the collector for distribution to the appropriate taxing authority.

141.1009. 1. A land bank agency shall be authorized to file an action to quiet title pursuant to section 527.150 as to any real property in which the land bank agency has an interest. For purposes of any and all such actions the land bank agency shall be deemed to be the holder of sufficient legal and equitable interests, and possessory rights, so as to qualify the land bank agency as adequate petitioner in such action.

2. Prior to the filing of an action to quiet title the land bank agency shall conduct an examination of title to determine the identity of any and all persons and entities possessing a claim or interest in or to the real property. Service of the petition to quiet title shall be provided to all such interested parties by the following methods:

(4) By publication in a newspaper of general circulation in the municipality in which the property is located; and

(5) Such other methods as the court may order.

3. As part of the petition to quiet title the land bank agency shall file an affidavit identifying all parties potentially having an interest in the real property, and the form of notice provided.

4. The court shall schedule a hearing on the petition within ninety days following filing of the petition, and as to all matters upon which an answer was not filed by an interested party the court shall issue its final judgment within one hundred twenty days of the filing of the petition.

5. A land bank agency shall be authorized to join in a single petition to quiet title one or more parcels of real property.

141.1012. A land bank agency may be dissolved as a public body corporate and politic not less than sixty calendar days after an ordinance or resolution for such dissolution is passed by the municipality that established the land bank agency. Not less than sixty calendar days advance written notice of consideration of such an ordinance or resolution of dissolution shall be given to the members of the board of the land bank agency, shall be published in a local newspaper of general circulation within such municipality, and shall be sent certified mail to each trustee of any outstanding bonds of the land bank agency. Upon dissolution of a land bank agency pursuant to this section, all real property, personal property, and other assets of the land bank agency shall be transferred by appropriate written instrument to and shall become the assets of the municipality that established the land bank agency. Such municipality shall act expeditiously to return such real property to the tax rolls and shall market and sell such real property using an open, public method that ensures the best possible prices are realized while ensuring such real property is returned to a suitable, productive use for the betterment of the neighborhoods in which such real property is located. Any such real property that was acquired by the dissolved land bank agency pursuant to a deemed sale under subsection 3 of section 141.560, by deed from a land trust under subsection 1 of section 141.984, or pursuant to a sale under subdivision (2) of subsection 2 of section 141.550 shall be held by such municipality in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure, and upon the sale or other disposition of any such property by such municipality, the proceeds therefrom shall be applied and distributed in the following order:

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, THURSDAY, MAY 3, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Cantor Seth Warner, Congregation Shar'are Emith, St. Louis, MO.

Eternal God, God of all generations, God of the past, the present and our future, we are humbled by the miracles of the world that is in our care. We know well that You have placed within each of us the strong and yearning desire to affect change in our world and we accept that challenge with great joy. We also know well that You have placed within us different perspectives, different values and different priorities. As we struggle to find the balance in our own lives and in our state government, help us, God, be ever mindful of those who disagree with us, those who look at the same situation through a different lens. Given that we are all Your humble servants, our disagreements and different points of view can serve to strengthen our government, our laws, our great State of Missouri and our individual households. When we struggle with difficult decisions, we are aware that while there may be differences of opinion – and sometimes diametrically opposing ones – we are a part of a society that values good, justice and peace and that our differences are what makes democracy and our government the pinnacle and envy of the world.

Let the trust that You have put in us be our guide so that we continue to strive for wholeness and peace. May the work of this body find Your holiness in the struggle to find balance in Missouri's government such that fairness, equality and responsibility wrap and encircle each discourse, discussion and decision.

Guide these fine men and women in making decisions that are ever worthy of Your blessing and let their hearts and minds be free to use the good and wholesome soul that You have placed within us.

The Pledge of Allegiance to the flag was recited.

Cantor Warner sang "God Bless America".

U.S. Senator Roy Blunt addressed the House.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kaylin Rose, Nicklaus Martin, Alexandria Karnes and Corbin David Schaffter.

The Journal of the sixty-sixth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, MONDAY, MAY 7, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Pastor Paul Meinsen.

O LORD our God, there is much to know, much to learn and there is much to pray for each one of us from the Proverbs of your servant, King Solomon.

I pray, O Father, that each one will be humble in heart for, "It is not good to eat much honey, nor is it glory to search out one's own glory". *(Proverbs 25:27)*

I pray that each will surround himself or herself with good counselors as "He who walks with wise men will be wise, but the companion of fools will suffer harm" *(Proverbs 13:20)*, and "If a ruler listens to falsehood, all his officials will become wicked". *(Proverbs 29:12)*

Lord, may each guard his or her words. May truth be spoken, for "Excellent speech is not fitting for a fool, much less are lying lips to a prince". *(Proverbs 17:7)* And may each of us speak with much gentleness: "A gentle answer turns away wrath, but a harsh word stirs up anger. The tongue of the wise makes knowledge acceptable, but the mouth of fools spouts folly". *(Proverbs 15:1-2)*

May we all seek wisdom, for You have commanded us to "Acquire wisdom! Acquire understanding! Do not forsake her, and she will guard you; love her and she will watch over you". *(Proverbs 4:5a-6)*

I pray that we will all pursue righteousness, for "Righteousness exalts a nation…" *(Proverbs 14:34a)*, and "It is an abomination for kings to commit wicked acts for a throne is established on righteousness". *(Proverbs 16:12)*

May we fear You and You alone. Draw each one unto Yourself.

We call upon You in this prayer. Please answer and be glorified. For You are good and Your love endures forever.

To the honor of Your name, O Lord, I pray in Your Son's name. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-seventh day was approved as printed.

Within sixty days of receipt of the sporting event support contract, the department may review the applicant's support contract and certify such support contract if it complies with the requirements of this section. Upon certification of the support contract by the department, the applicant may be authorized to receive the tax credit under subsection 4 of this section.

3. No more than thirty days following the conclusion of the sporting event, the applicant shall submit eligible costs and documentation of the costs evidenced by receipts, paid invoices, or other documentation in a manner prescribed by the department.

4. No later than seven days following the conclusion of the sporting event, the department, in consultation with the director, may determine the total number of tickets sold at face value for such event. No later than sixty days following the receipt of eligible costs and documentation of such costs from the applicant as required in subsection 3 of this section, the department may issue a refundable tax credit to the applicant for the lesser of one hundred percent of eligible costs incurred by the applicant or an amount equal to five dollars multiplied by the event's average per-session admission tickets sold and paid registered participants multiplied by the number of days from the first to the last day of the event. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

5. In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year. In any fiscal year, no more than eight million dollars in tax credits shall be available to all applicants that submit support contracts for sporting events to be held in any city not within a county or in any county with more than three hundred thousand inhabitants.

6. An applicant shall provide any information necessary as determined by the department for the department and the director to fulfill the duties required by this section. At any time upon the request of the state of Missouri, a certified sponsor shall subject itself to an audit conducted by the state.

7. This section shall not be construed as creating or requiring a state guarantee of obligations imposed on an endorsing municipality under a support contract or any other agreement relating to hosting one or more sporting events in this state.

8. The department shall only certify an applicant's support contract for a sporting event in which the site selection organization has yet to select a location for the sporting event as of August 28, 2012. Support contracts shall not be certified by the department after August 28, 2018, provided that the support contracts may be certified on or prior to August 28, 2018, for sporting events that will be held after such date.

9. The department may promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated

in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

67.3005. 1. For all taxable years beginning on or after January 1, 2012, any taxpayer shall be allowed a credit against the taxes otherwise due under chapter 143, 147, or 148, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the amount of an eligible donation, subject to the restrictions in this section. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state income tax liability in the tax year for which the credit is claimed. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's four subsequent taxable years.

2. To claim the credit authorized in this section, a certified sponsor or local organizing committee shall submit to the department an application for the tax credit authorized by this section on behalf of taxpayers. The department shall verify that the applicant has submitted the following items accurately and completely:

(1) A valid application in the form and format required by the department;

(2) A statement attesting to the eligible donation received, which shall include the name and taxpayer identification number of the individual making the eligible donation, the amount of the eligible donation, and the date the eligible donation was received; and

(3) Payment from the certified sponsor or local organizing committee equal to the value of the tax credit for which application is made.

If the certified sponsor or local organizing committee applying for the tax credit meets all criteria required by this subsection, the department shall issue a certificate in the appropriate amount.

3. Tax credits issued under this section may be assigned, transferred, sold, or otherwise conveyed, and the new owner of the tax credit shall have the same rights in the credit as the taxpayer. Whenever a certificate is assigned, transferred, sold, or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit or the value of the credit. In no event shall the amount of tax credits issued by the department under this section exceed ten million dollars in any fiscal year.

4. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

"173.300. The Compact for Education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

Article I Purpose and Policy

A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among the executive, legislative, professional, educational and lay leadership on a nationwide basis at the state and local levels.

2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

C. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

Article II State Defined

As used in this compact, "state" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

Article III The Commission

A. The **[**Educational**]** **Education** Commission of the States, hereinafter called "the commission", is hereby established. The commission shall consist of seven members representing each party state. One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(J).

C. The commission shall have a seal.

D. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

E. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (F) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

I. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

J. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

Article IV Powers

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

Article V Cooperation With Federal Government

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

Article VI Committees

A. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. Eight of the voting membership of the steering committee shall consist of governors, eight shall be legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows: sixteen for one year and sixteen for two years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

B. The commission may establish advisory and technical committees composed of state, local and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

C. The commission may establish such additional committees as its bylaws may provide.

Article VII Finance

A. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

B. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

C. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(G) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except

where the commission makes use of funds available to it pursuant to Article III(G) thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any person authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VIII Eligible Parties; Entry Into and Withdrawal

A. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same; provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article IX Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters."; and

Further amend said title, enacting clause and intersectional references accordingly.

Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

6. For any school year, grants authorized by subsections 1 to 3 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 7 of this section.

7. The commissioner of education shall, by rule and regulation of the state board of education and with the advice of the coordinating board for higher education, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 9 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, except that students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

8. **(1) Notwithstanding the provisions of subsection 7 of this section, the commissioner of education shall establish a process, with the advice of the commissioner of higher education, by which any student enrolled in a public high school in a district that has been declared unaccredited by the state board of education, who otherwise qualifies for reimbursement under subsection 7 of this section but whose high school does not qualify under subsection 2 of this section, may apply for and receive reimbursement under this section.**

(2) The commissioner of education shall designate school officers, such as but not limited to guidance counselors, who shall be authorized to validate a student's eligibility under this subsection.

(3) The commissioner of education shall monitor the accuracy of eligibility validation under this section and may, if ineligible students beyond a reasonable margin of error are validated, revoke an individual's authority to validate eligibility and may further require the school district to repay reimbursements made for ineligible students.

9. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[9.**] 10.** For a two-year private vocational or technical school to obtain reimbursements under **[**subsection 7**] subsections 7 and 8** of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of article IX, section 8, or article I, section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 470, Pages 2 through 6, Section 260.392, by deleting said section and inserting in lieu thereof the following:

"260.392. 1. As used in sections 260.392 to 260.399, the following terms mean:

(1) "Cask", all the components and systems associated with the container in which spent fuel, high-level radioactive waste, highway route controlled quantity, or transuranic radioactive waste are stored;

(2) "High-level radioactive waste", the highly radioactive material resulting from the reprocessing of spent nuclear fuel including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations, and other highly radioactive material that the United States Nuclear Regulatory Commission has determined to be high-level radioactive waste requiring permanent isolation;

(3) "Highway route controlled quantity", as defined in 49 CFR Part 173.403, as amended, a quantity of radioactive material within a single package. Highway route controlled quantity shipments of thirty miles or less within the state are exempt from the provisions of this section;

(4) "Low-level radioactive waste", any radioactive waste not classified as high-level radioactive waste, transuranic radioactive waste, or spent nuclear fuel by the United States Nuclear Regulatory Commission, consistent with existing law. Shipment of all sealed sources meeting the definition of low-level radioactive waste, shipments of low-level radioactive waste that are within a radius of no more than fifty miles from the point of origin, and all naturally occurring radioactive material given written approval for landfill disposal by the Missouri department of natural resources under 10 CSR 80-3.010 are exempt from the provisions of this section. Any low-level radioactive waste that has a radioactive half-life equal to or less than one hundred twenty days is exempt from the provisions of this section;

(5) "Shipper", the generator, owner, or company contracting for transportation by truck or rail of the spent fuel, high-level radioactive waste, highway route controlled quantity shipments, transuranic radioactive waste, or low-level radioactive waste;

(6) "Spent nuclear fuel", fuel that has been withdrawn from a nuclear reactor following irradiation, the constituent elements of which have not been separated by reprocessing;

(7) "State-funded institutions of higher education", any campus of any university within the state of Missouri that receives state funding and has a nuclear research reactor;

(8) "Transuranic radioactive waste", defined in 40 CFR Part 191.02, as amended, as waste containing more than one hundred nanocuries of alpha-emitting transuranic isotopes with half-lives greater than twenty years, per gram of waste. For the purposes of this section, transuranic waste shall not include:

(a) High-level radioactive wastes;

(b) Any waste determined by the Environmental Protection Agency with the concurrence of the Environmental Protection Agency administrator that does not need the degree of isolation required by this section; or

(c) Any waste that the United States Nuclear Regulatory Commission has approved for disposal on a case-by-case basis in accordance with 10 CFR Part 61, as amended.

2. Any shipper that ships high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state shall be subject to the fees established in this subsection, provided that no state-funded institution of higher education that ships nuclear waste shall pay any such fee. These higher education institutions shall reimburse the Missouri state highway patrol directly for all costs related to shipment escorts. The fees for all other shipments shall be:

(1) One thousand eight hundred dollars for each **[**cask transported**]** **truck transporting** through or within the state **[**by truck of**]** high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel or highway route controlled quantity shipments. All **[**casks**]** **truck shipments** of high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel, or highway route controlled quantity shipments **[**transported by truck**]** are subject to a surcharge of twenty-five dollars per mile for every mile over two hundred miles traveled within the state;

(2) One thousand three hundred dollars for the first cask and one hundred twenty-five dollars for each additional cask for each rail shipment through or within the state of high-level radioactive waste, transuranic radioactive waste, or spent nuclear fuel;

(3) One hundred twenty-five dollars for each truck or train transporting low-level radioactive waste through or within the state. The department of natural resources may accept an annual shipment fee as negotiated with a shipper or accept payment per shipment.

3. All revenue generated from the fees established in subsection 2 of this section shall be deposited into the environmental radiation monitoring fund established in section 260.750 and shall be used by the department of natural resources to achieve the following objectives and for purposes related to the shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste, including, but not limited to:

(1) Inspections, escorts, and security for waste shipment and planning;

(2) Coordination of emergency response capability;

(3) Education and training of state, county, and local emergency responders;

(4) Purchase and maintenance of necessary equipment and supplies for state, county, and local emergency responders through grants or other funding mechanisms;

(5) Emergency responses to any transportation incident involving the high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste;

(6) Oversight of any environmental remediation necessary resulting from an incident involving a shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste. Reimbursement for oversight of any such incident shall not reduce or eliminate the liability of any party responsible for the incident; such party may be liable for full reimbursement to the state or payment of any other costs associated with the cleanup of contamination related to a transportation incident;

(7) Administrative costs attributable to the state agencies which are incurred through their involvement as it relates to the shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state.

4. Nothing in this section shall preclude any other state agency from receiving reimbursement from the department of natural resources and the environmental radiation monitoring fund for services rendered that achieve the objectives and comply with the provisions of this section.

5. Any unencumbered balance in the environmental radiation monitoring fund that exceeds three hundred thousand dollars in any given fiscal year shall be returned to shippers on a pro rata basis, based on the shipper's contribution into the environmental radiation monitoring fund for that fiscal year.

6. The department of natural resources, in coordination with the department of health and senior services and the department of public safety, may promulgate rules necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

7. All funds deposited in the environmental radiation monitoring fund through fees established in subsection 2 of this section shall be utilized, subject to appropriation by the general assembly, for the administration and enforcement of this section by the department of natural resources. All interest earned by the moneys in the fund shall accrue to the fund.

8. All fees shall be paid to the department of natural resources prior to shipment.

9. Notice of any shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, or spent nuclear fuel through or within the state shall be provided by the shipper to the governor's designee for advanced notification, as described in 10 CFR Parts 71 and 73, as amended, prior to such shipment entering

the state. Notice of any shipment of low-level radioactive waste through or within the state shall be provided by the shipper to the Missouri department of natural resources before such shipment enters the state.

10. Any shipper who fails to pay a fee assessed under this section, or fails to provide notice of a shipment, shall be liable in a civil action for an amount not to exceed ten times the amount assessed and not paid. The action shall be brought by the attorney general at the request of the department of natural resources. House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 470, Page 6, Section 260.392, Line 143, by inserting after said line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. **[**Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the

motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5.**] The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days from the date of purchase.** The temporary permit **[**shall be made available by the director of revenue and**] authorized under this section** may be purchased **by the purchaser of a motor vehicle or trailer** from the **central office of the** department of revenue **or from an authorized agent of the department of revenue** upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a **motor vehicle** dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer**, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates**. The director **[**shall**] of the department of revenue or a producer authorized by the director of the department of revenue may** make temporary permits available to registered dealers in this state **[**or**],** authorized agents of the department of revenue **[**in sets of ten permits**] or the department of revenue**. The **[**fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued**] price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190**. No **motor vehicle** dealer **[**or**],** authorized agent **or the department of revenue** shall charge more than **[**seven dollars and fifty cents**] five dollars** for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a **motor vehicle** dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. **Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.**

[6.**] 5.** The permit shall be issued on a form prescribed by the director **of the department of revenue** and issued only for the applicant's **[**use in the**] temporary** operation of the motor vehicle or trailer purchased to enable the applicant to **[**legally**] temporarily** operate the **motor** vehicle while proper title and registration **[**plate**] plates** are being obtained**, or while awaiting receipt of registration plates**, and shall be displayed on no other **motor** vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director **of the department of revenue** shall determine the size **[**and**], material, design,** numbering configuration, construction, and color of the permit. **The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.**

[7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit.**]**

6. Every **motor vehicle** dealer that issues **[**a**]** temporary **[**permit**] permits** shall keep, for inspection **[**of**] by** proper officers, **[**a correct**] an accurate** record of each permit issued by recording the permit **[**or plate**]** number, **the motor vehicle dealer's number,** buyer's name and address, **the motor vehicle's** year, make, **and** manufacturer's vehicle identification number **[**on which the permit is to be used**]**, and the **permit's** date of issuance **and expiration date. associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

[8.**] 7.** Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of **motor** vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant

to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 5 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 5 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. The director may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and

"**301.580. 1. The department of revenue may issue special event motor vehicle auction licenses under the provisions of this section. For purposes of this section, a "special event motor vehicle auction" is a motor vehicle auction which:**

(1) Ninety percent of the vehicles being auctioned are at least ten years old or older;

(2) The licensee shall auction no more than three percent of the total number of vehicles presented for auction which are owned and titled in the name of the licensee or its owners; and

(3) The duration is no more than three consecutive calendar days and is held no more than three times in a calendar year by a licensee.

2. A special event motor vehicle auction shall be considered a public motor vehicle auction for purposes of sections 301.559 and 301.564.

3. Special event motor vehicle auction licensees shall be exempt from the requirements of section 301.560, with the exception of subdivision (4) of subsection 1 of section 301.560.

4. An application for a special event motor vehicle auction license must be received by the department at least ninety days prior to the beginning of the special event auction.

5. Applicants for a special motor vehicle auction are limited to no more than three special event auctions in any calendar year. A separate application is required for each special event motor vehicle auction.

6. At least ninety percent of the vehicles being auctioned at a special event motor vehicle auction shall be ten years old or older. The licensee shall, within ten days of the conclusion of a special event motor vehicle auction, submit a report in the form approved by the director to the department that includes the make, model, year, and vehicle identification number of each vehicle included in the auction. Every vehicle included in the special event auction shall be listed, including those vehicles that were auctioned and sold and those vehicles that were auctioned but did not sell. Violation of this subsection is a class A misdemeanor.

7. The applicant for the special event motor vehicle auction shall be responsible for ensuring that a sales tax license or special event sales tax license is obtained for the event if one is required.

8. The fee for a special event motor vehicle auction license shall be one thousand dollars. For every vehicle auctioned in violation of subsection 6 of this section, an administrative fee of five hundred dollars shall be paid to the department. Such fees shall be deposited in like manner as other license fees of this section.

9. In addition to the causes set forth in section 301.562, the department may promulgate rules that establish additional causes to refuse to issue or to revoke a special event license.

10. A special motor vehicle auction shall last no more than three consecutive days.

11. The applicant for a special event motor vehicle auction shall be registered to conduct business in this state.

12. Every applicant for a special event motor vehicle auction license shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102 issued by any state or federal financial institution in the penal sum of one hundred thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the applicant complying with the provisions of the statutes applicable to a special event auction license holder and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the revocation or denial of a special event auction license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary. The aggregate liability of the surety or financial institution to the aggrieved parties shall not exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

13. No dealer, driveaway, auction, or wholesale plates, or temporary permit booklets, shall be issued in conjunction with a special event motor vehicle auction license.

14. Any person or entity who sells a vehicle at a special event motor vehicle auction shall provide, to the buyer, current contact information including, but not limited to, name, address, and telephone number.

15. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in **[**subsection**] subsections** 9 **and 10** of this section.

7. Notwithstanding any provision of this section to the contrary, the department of transportation shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The department of transportation shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. **(1)** Notwithstanding subsection 3 of this section or any other provision of law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling livestock **or agricultural products not including local log trucks as defined in section 301.010** may be as much as, but shall not exceed, eighty-five thousand five hundred pounds **[**while operating on U.S. Highway 36 from St. Joseph to U.S. Highway 65, and on U.S. Highway 65 from the Iowa state line to U.S. Highway 36**]**. **The provisions of this subsection, however, shall not apply to vehicles operated on the Dwight D. Eisenhower System of Interstate and Defense Highways.**

(2) Any vehicle hauling greater than eighty thousand pounds under the provisions of this subsection, shall apply yearly to the department of transportation for a permit and upon payment of a twenty-five dollar fee, the department shall grant the applicant a permit.
